# FOREWORD

Experience indicates that those who examine college catalogs are usually interested primarily in finding the answers to the following questions:

- (1) What is the general nature, type, and standing of the college?
- (2) What are the requirements for admission?
- (3) What is the cost of attending the college and what opportunities are available for earning part of these expenses?
- (4) What subjects of study are provided and what are the requirements for graduation?
- (5) What rules does a student have to follow while attending the college?
- (6) What other activities are provided outside the classroom?
- (7) What physical equipment and financial resources does the college have?

In order to make this catalog easier to read, we have tried to arrange it so as to answer these questions in logical order. The first two questions, which are of concern primarily to prospective students, are answered in Part I. The other questions are covered successively in Parts II-VI, as shown in the Table of Contents on the opposite page. In Part VII we have given the necessary information with regard to the trustees, officers, and faculty, and have listed the names of other staff personnel and of the members of the student body.

This catalog is primarily a record of the 1951-52 session of the college. The academic calendar of the 1952-53 session will be found in the back.

"To be at home in all lands and ages; to count Nature a familiar acquaintance and Art a familiar friend; to gain a standard for the appreciation of other men's work and the criticism of one's own; to make friends among men and women of one's own age who are to be leaders in all walks of life; to lose one's self in generous enthusiasm and to cooperate with others for common ends; to learn manners from students who are gentlemen and gentlewomen, and to form character under professors who are Christian—these are the returns of a college for the best four years of one's life."

-President Hyde, Bowdoin College.

# Part I Information for Prospective Students

# A SUMMARY OF PERTINENT INFORMATION

Admission Requirements: Graduates of an accredited high school with acceptable records will be admitted. Students who have not regularly prepared for college in an accredited high school or whose records are not acceptable may be admitted by examination. For details see pages 10-11.

Credit For Military Service: Veterans are granted 4 semester hours of credit for basic military training. Half of this substitutes for the required course in physical education and the other half counts as academic credit. Additional credit is granted for educational experiences in the armed services in accordance with the recommendations contained in the Guide published by the American Council on Education.

### College Calendar 1952-53:

Summer Session, June 4-August 13, 1952. Fall Semester, September 8, 1952-January 24, 1953. Spring Semester, January 27-June 1, 1953. For details see page 128.

\*Not required if the foreign language requirement is met by taking Latin or Greek

- (2) 120 quality points.
- (3) A comprehensive examination in the major field.
- (4) An English proficiency examination.
- (5) 30 of the last 36 hours of academic work must be done in residence except by students who transfer back the final 18 hours of work from graduate or professional school.

For details see pages 27-31.

Required Courses: All regular students are required to enroll for English, Mathematics, and a foreign language each year until they have completed the degree requirements in these subjects.

Transfer Students: Millsaps College normally allows full credit to transfer students on work taken at other accredited institutions. A maximum of 64 semester hours of credit is allowed from a junior college. For details see page 11.

# MILLSAPS COLLEGE

# is a church related college

under the joint care and control of the Mississippi and North Mississippi Conferences of the Methodist Church. The college is non-sectarian but devoutly Christian. During the 1951-52 session it numbered in its student body members of fifteen denominations and in its faculty members of five denominations. It is dedicated to the idea that education is an integral part of the Christian religion, that religion is a vital part of education, and that church-related colleges, providing a sound educational program in a Christian environment, afford a special type of training and influence which no other institution can offer. The existence side by side of educational institutions related to the church, the state, and private agencies, each with its own functions to perform, is not only evidence of democracy in our educational system, but is also the best possible guarantee of the preservation of democracy in our civilization.

# is a small college

with enrollment limited to 800 students. The close personal relationship that exists among students, faculty, and administration in the small college is one of the most vital parts of the college experience.

# is a co-educational college

with an enrollment approximately two-thirds men and one-third women. Boys and girls study together throughout grammar school and high school. Men and women work together throughout later life. They study and work together at Millsaps.

# is a liberal arts college

with the primary aim of training its students for responsible citizenship and well-rounded lives rather than for narrow professional careers. One of the chief curses of our modern society is that so many of our people are expert lawyers, or doctors, or business men, or brick layers, without at the same time being good citizens. More than any other institution, the liberal arts college can remedy this defect by training its students, in whatever field of specialization they may choose, to be community leaders in responsible citizenship.

# offers professional and pre-professional training

balanced by cultural and disciplinary studies. The college recognizes that in the modern world training which will enable a person to support himself adequately is an essential part of a well-rounded education. Therefore, the student at Millsaps can, for example, obtain the necessary courses to prepare him directly for a business career or for service in education, the ministry, or social work; he can study music as preparation for professional work in the field, as well as for its esthetic and cultural value; he can become proficient in shorthand and typewriting while at the same time studying language and literature; and he can obtain thoroughly sound basic courses which will prepare him for professional study in medicine, dentistry, law, and other fields. Professional leaders in all fields are coming more and more to recognize that the most valuable members of their profession are those who have had something more in their background of training than the narrow technical study necessary for proficiency in that field.

# selects its students carefully

not on the basis of ability to pay or previous opportunities or charm of personality, but on ability to think, desire to learn, good moral character, and intellectual maturity. The primary consideration in acting on all applications for admission is the ability to do college work in a measure satisfactory to the college and beneficial to the student. Tuition is kept low enough to make higher education available to all, but an attempt is made to keep admission requirements high enough to exclude those who cannot profit from it.

# has a cosmopolitan student body

representing a wide geographical area. During the 1951-52 session sixteen states and five foreign countries were represented in the student body. It is the policy of the college to encourage by scholarships and otherwise the attendance of foreign students, because of the mutual contribution this can make to international good will and understanding.

# is ideally located

in the capital city of the state. Many educational advantages may be found in Jackson in addition to the courses offered at the college. The State Department of Archives and History, the State Library, the Library of the State Department of Health, and the Jackson Public Library provide research facilities found nowhere else in the state. The Jackson Symphony Orchestra, Jackson Little Theater, and numerous musical, dramatic, and sporting events staged at the City Auditorium add materially to the cultural advantages available to the student.

# is fully accredited

by all appropriate standardizing and accrediting agencies, both regional and national, and is recognized by the General Board of Christian Education of the Methodist Church as one of the strongest institutions in the connection.

# Millsaps is fully approved by:

The Southern Association of Colleges and Secondary Schools

The American Association of University Women

The University Senate of the Methodist Church

# Millsaps shares in current educational thought through membership in:

The Association of American Colleges

The Association of American Universities

The American Council on Education

The National Commission on Accrediting

The National Conference of Church-Related Colleges

The Association of Methodist Schools and Colleges

The Southern University Conference

The Mississippi Association of Colleges

The American Conference of Academic Deans

The American Association of Collegiate Registrars and Admissions Officers

The Southern Association of College and University Business Officers

# REQUIREMENTS FOR ADMISSION

# General Requirements

Millsaps College will accept as members of its student body only young men and women who are well qualified to benefit from the kind of academic life offered by the college. All applicants for admission must furnish evidence of

- 1. Good moral character
- 2. Sound physical and mental health
- 3. Adequate scholastic preparation
- 4. Intellectual maturity

# Admission to Freshman Standing

Application for admission to freshman standing may be made according to either of the following plans:

# 1. By Certificate.

Graduates of an accredited high school or secondary school may be admitted to freshman standing on presentation of a transcript signed by the proper authorities of that school, showing the kind and amount of scholastic work done, provided that:

- (a) The student's record shows the satisfactory completion of at least fifteen acceptable units of secondary school work.
- (b) One-half of the units of secondary school work accepted for entrance must be in English, mathematics, and social studies or foreign language. These units should normally include three units of English, two units of mathematics, and at least two units of history, other social studies, or foreign language.
- (c) Not more than four vocational units may be included in those required for entrance.

# 2. By Examination.

Students who have not regularly prepared for college in a recognized secondary school may apply for admission by making complete statement regarding qualifications and training. Such students may be regularly admitted if they qualify in a battery of achievement examinations given at the college under the direction of the Department of Education. These examinations are given on the scholastic work covered by the list of secondary units approved by the Southern Association of Colleges and Secondary Schools.

College Entrance Board Examination certificates or the high school level General Educational Development Test may be accepted in place of high school certificates or examination by Millsaps College.

# Admission To Advanced Standing

- Millsaps College normally allows full credit to transfer students on work taken at other accredited institutions. Some courses which are not regarded as consistent with a liberal arts curriculum, however, may not be credited toward a degree.
- Students with good records at non-accredited institutions may be admitted on probation, and the work done at such institutions will be validated if the student makes a satisfactory record the first year at Millsaps.
- 3. A maximum of 64 semester hours of credit will be allowed from a junior college.
- 4. Full credit is allowed for all junior college academic courses of freshman and sophomore level and full elective credit allowed for other courses, with the proviso that junior college transfers may be called upon to do extra work necessary to fulfill the requirements at Millsaps for majors, for pre-professional work, and for professional teaching licenses.
- 5. After earning 64 semester hours of credit, at a senior or junior college, a student will not be granted any additional credit toward a degree at Millsaps for work done at a junior college.
- 6. Grades and quality points made by students at other institutions will be recorded on their records at Millsaps, but transfer students will be required to include in the 120 quality points required for graduation quality points earned at Millsaps at least equal in number to the number of hours of academic credit remaining on their graduation requirement after the transfer credits are entered.
- 7. In the case of students transferring to Millsaps with more than 3 but less than 6 hours credit in a required subject, the head of the department concerned is authorized to approve a 3-hour elective in that department as a substitute for the remainder of the required course.
- 8. Credit will not be given for work done by correspondence.

# Admission As Special Student

- A special student is one who enrolls for less than 12 hours of work per semester or one who has previously received a baccalaureate degree.
- 2. For admission as a special student the candidate must be at least 21 years of age and must present adequate proof of good character and of maturity of training.
- 3. Special students may enroll for whatever courses they desire without regard to graduation requirements, but must in all cases meet the prerequisite requirements for the courses elected by them.
- 4. No special student may be recognized as a candidate for a degree unless he completes all entrance requirements at least one year before the date of graduation. No college credit will be granted until entrance requirements are satisfied.
- Special students are not permitted to represent the college in intercollegiate activities.

# HOW TO APPLY FOR ADMISSION

All persons not in residence at Millsaps during the preceding regular semester must apply to the Admissions Committee and be accepted prior to registration for the fall and spring semesters.

A prospective student should apply for admission well in advance of the date on which he wishes to enter, particularly if housing accommodations on the campus are desired. The Admissions Committee begins acting on applications for the fall semester in February and on applications for the spring semester in November.

In applying for admission a prospective student should follow the procedure described below:

- He should request an application blank from the Dean, who is chairman of the Admissions Committee.
- 2. He should fill out this application blank and return it to the Dean.
- He should have a letter of recommendation sent to the Dean by an appropriate official of the school or schools he has previously attended, attesting to his character and ability.
- 4. He should have his high school principal or college registrar send an official transcript of his credits directly to the Dean. A separate transcript is required from every secondary school or college attended, even though credits previously earned are included on the transcript from the school last attended. A student who has already earned some college credit, however, need not have a separate transcript of his high school credits sent if these are included on his college transcript.

If the prospective student is in school at the time he applies for admission, he should have a transcript sent showing his credits up to that time. If he is accepted, a supplementary transcript will be required later showing the completion of his work.

# THE COUNSELING PROGRAM

Each new student at Millsaps is assigned to a member of the faculty, who serves as adviser for that student. Efforts are made to give guidance in registration and adjustment to the college community, and to give counsel in dealing with personal problems as they arise. When the student chooses his field of major study in his sophomore or junior year, his major professor automatically becomes his faculty adviser. Tests and other personal data are used as a background for these counseling activities, which are continued throughout the student's college program.

An orientation program is scheduled each year to assist new students in becoming oriented to college life. The program includes several psychological tests, tours about the campus and instruction in the use of the library, talks on study methods and problems of adjustment to college, and informal social contacts for the freshmen with each other, with certain committees of upper-class students, and with the faculty. Its chief purpose, however, is to give guidance in registration and educational planning. Attendance at the Orientation Week program is required of all entering students.

# THE GUIDANCE CENTER

A Guidance Center, staffed by members of the Department of Psychology, provides assistance to students in matters of vocational choice and planning, as well as problems of personal and social adjustment, development of study skills, etc. Tests of special aptitude interests, and essential personality traits are given students using the services of the Guidance Center. These tests supplement those given to all entering students and enable each individual to get a more complete picture of himself.

Occupational information covering a wide variety of fields is available to the student body at the Guidance Center. An attempt is made to keep this information current and at the disposal of each individual.

Information concerning summer job opportunities is supplied to interested students. Summer employment can sometimes give the student experience in activities related to his occupational choice.

# THE READING CLINIC

Experience has demonstrated that the accomplishments of students in their college work can be materially improved by improving their reading skills and that it is possible through directed practice to increase the reading speed of almost anyone. This is true of superior students as well as of their slower fellows.

In accordance with these findings, the college has set up a Reading Clinic, which operates separately from but in cooperation with the program in Freshman English. Members of the faculty specially trained in this field supervise this work.

Students may utilize the services of the clinic on a voluntary basis. Instruction is given in small groups for a period of several weeks, and individual attention is given to each student's particular difficulties. Drills in vocabulary building and practice in rapid reading are provided, and tests are made at intervals of each student's reading speed and comprehension.

# THE HEALTH PROGRAM

While the student is in residence every effort is made to protect his health and to promote his physical development. The work of the Physical Education Department, the intramural sports program, and the recreational facilities available on the campus contribute toward this end.

The college has set up a fully equipped infirmary with a registered nurse in attendance at all times to look after the health of the students. Space is available to isolate students with communicable illness in order that the health of other students living in the dormitories and fraternity houses may not be jeopardized.

A physician is subject to call by the nurse at any time his services may be needed.

## Graduation Fee

Diploma, cap, gown, commencement expense .....\$15.00

# SPECIAL STUDENTS

A special student is one who takes less than twelve semester hours of work for college credit or one who has already received a baccalaureate degree. Special students pay the following tuition rates plus any laboratory fees involved.

Tuition per semester hour:

1 to 11 semester hours inclusive, per hour......\$13.00 12 or more semester hours ......Full tuition and fees

Students taking only music or art private lessons for college credit must pay a registration fee of \$5 for each course plus the special fees for the courses taken. No other charge.

# EXCESS HOURS

The normal student load is five subjects with either physical education or extra-curricular activities making a maximum of seventeen hours. Students registering for courses in excess of seventeen hours will be charged \$7.50 for each additional hour per semester.

# NON-RESIDENT OR OUT-OF-STATE STUDENTS

Tuition for non-resident or out-of-state students will be the customary tuition plus \$1.00 per semester hour. The low tuition at Millsaps College is possible in part because of the annual contributions of the two Methodist Conferences in Mississippi. It seems only fair, therefore, that students from other states wishing to utilize the educational facilities which these contributions help to provide should be asked to pay this additional amount above the regular tuition.

Both resident and non-resident students will be charged the applicable laboratory and other fees listed above.

# REVISION OF CHARGES

Millsaps College reserves the privilege of changing any or all of the charges for tuition, regular fees, and special fees at any time without notice.

# FINANCIAL REGULATIONS

The following regulations, adopted by the Finance Committee, are not subject to change, even by the President or Business Manager.

PAYMENTS.—All charges are due and payable at the opening of the semester. No student will be marked present in his classes until payment has been made in the Business Office or satisfactory financial arrangements have been made with the Business Manager of the college.

Any accounts due for any preceding semester must be paid before a student will be enrolled for the succeeding semester. The Registrar is not permitted to transfer credits until all outstanding indebtedness to the college is paid in the Business Office.

No student will be allowed to graduate unless he shall have settled with the Business Office all his indebtedness to the college, including the graduation fee of \$15.00.

VETERANS' PAYMENTS.—Veterans attending school under Public Laws 16 and 346 will pay only the charges for room rent and board. All other expenses will be borne directly by the Federal Government.

STUDENTS ROOMING IN FRATERNITY HOUSES — Students rooming in fraternity houses must eat in in the college cafeteria. Rules regarding payment of board and medical fees applicable to other students will be observed by the students rooming in fraternity houses.

REFUNDS.—Room rent cannot be refunded after the semester has begun. Unused amounts paid in advance for board will be refundable. A student who withdraws with good reason within two weeks after the date of his registration will be entitled to a refund of 80% of tuition and fees; within three weeks, 60%; within four weeks 40%; and within five weeks 20%. If a student remains in college as much as five weeks, no refund will be made except for board.

CHANGE OF SCHEDULE REFUNDS.—No reduction of fees or tuition will be allowed for any course dropped after two weeks from the first meeting of the class in each semester.

The date of withdrawal from which all claims to reductions and refunds will be referred is the date on which the Registrar is officially notified by the student of his intention to withdraw from college. (See regulations relative to withdrawals.)

AUDITING OF COURSES.—Courses are audited only with approval of the Dean. There will be no charge to a full-time student except laboratory fee for auditing any course. Special students taking other courses may audit one course without charge except for the payment of a laboratory fee that may be involved. A person not enrolled in any courses for college credit will be allowed to audit courses on payment of the tuition for special students and any laboratory fees that may be involved; no other fees will be charged. A student auditing the classroom work of a course and not auditing the laboratory work will not be considered as having a laboratory fee involved. A student auditing a course in which the laboratory work and classroom work cannot be separated will be required to pay the laboratory fee.

# PURPOSE AND DISTRIBUTION OF THE STUDENT ACTIVITIES FEE

The student activities fee of \$8.00 paid by a student at the beginning of each semester is distributed among the different organizations existing on the campus. The distribution of this fee is made on the recommendation of the Student Executive Board.

The student activities fee is distributed among organizations such as the Y. M. C. A., Y. W. C. A., The Student Association, Debate Club, Band, Glee Club, Dramatics, Purple & White, Bobashela, and The Woman's Association. Payment of the activities fee gives each student a year's sub-

scription to the Purple and White, college weekly paper, and a copy of the Bobashela, student year book.

# PHYSICAL EDUCATION FEE

A carefully planned and effectively administered physical education program is maintained by the college. In return for a physical education fee of \$6.00 per semester the student receives the advantages afforded by the gymnasium, as well as the supervision of a highly trained physical education instructor, who plans a complete program of intramural athletics. Each student also receives locker and towel service without additional charge.

# SCHOLARSHIPS

All applications for scholarship help should be made to the Chairman of the Awards Committee.

# HIGH SCHOOL DAY FRESHMAN SCHOLARSHIPS

The Board of Trustees has authorized the award of scholarships valued at approximately \$2,000 annually to graduates of Mississippi high schools upon recommendation of the Awards Committee. The awards are made on the basis of psychological examinations and interviews held at the college on High School Day each year.

# SERVICE SCHOLARSHIPS

There are service scholarships in each of several departments, the holders of which are expected to aid the members of the faculty in some definite work. These scholarships are ordinarily open only to members of the upper classes. Application should be made to the Chairman of the Awards Committee.

# SPECIAL SCHOLARSHIPS

# The Tribbett Scholarship

The student to whom the scholarship is awarded receives two hundred dollars, payable one-half at the beginning of the first semester and one-half at the beginning of the second. The award is subject to the following conditions:

This scholarship is to be awarded at the end of each session to the member of the sophomore or junior class whose quality index is highest for the year, subject to the following qualifications:

- 1. He must be a regular student with not less than thirty-two semester hours' work for the year, and must have made at least "C" in each of the subjects studied.
- 2. He must be qualified for work assigned by the president of the college.

# The John Rundle, Jr., Scholarship

The John Rundle, Jr., Scholarship was created by his parents in memory of their son. This is a scholarship open to any student of Millsaps College, and the student to whom the scholarship is awarded receives \$200.00.

# The Ricketts Scholarship

The R. S. Ricketts Scholarship was created by Professor Ricketts' two sons and named for R. S. Ricketts, their father.

# The W. H. Brewer Scholarship

The W. H. Brewer Scholarship was created by his son, Mr. Ed C. Brewer, of Clarksdale, and is open to any student at Millsaps College. The student to whom the scholarship is awarded receives \$80.00.

# Methodist Education Board Scholarships

The Methodist Education Board Scholarships provide tuition and fees for three Methodist students who have ranked within the upper fifteen percent of their class.

# The James Hand, Sr., Scholarship

The James Hand, Sr., Scholarship has been created by James Hand, Jr., honoring his father of Rolling Fork, Mississippi.

# The Sullivan Scholarship

This scholarship was established in memory of Dr. W. T. J. Sullivan and in honor of Dr. J. M. Sullivan, professor emeritus of Chemistry and Geology, to be awarded to ministerial students only. Dr. J. M. Sullivan's son, C. C. Sullivan, has recently made a generous gift to this scholarship fund and is becoming the trustee of the scholarship.

# The Clara Barton Green Scholarship

Clara Barton Green Scholarship was created by her husband, Wharton Green, of the Class of 1898, and their three children, Margaret G. Runyon, Clarissa G. Coddington, and Wharton Green, Jr. The fund for this scholarship is \$7,000.

# The Wharton Green '98 Scholarship

On the 50th anniversary of his graduation Mr. Green established a \$5,000.00 fund at Millsaps College. This has now been increased to \$10,000. The income from this fund will be given annually to a student pelected by the Awards Committee of the faculty. Mr. Green has been a Consulting Engineer in New York City for many years.

# The James Monroe Wallace III Scholarship

This scholarship was established by the grandparents and parents, Mr. and Mrs. James Monroe Wallace, Sr., and Jr., of Como, Mississippi, in memory of the little boy who passed away when he was about five years old. Interest from the fund will go as a scholarship to some deserving Millsaps student. The fund at present is \$10,000.

# The Mr. and Mrs. G. W. Mars Scholarship

The Mr. and Mrs. G. W. Mars Scholarship was created by Mrs. Mars and her three sons, Norman, Henry, and Lewis of Philadelphia, Mississippi, and daughter, Mrs. D. W. Bridges of Athens, Georgia. The amount of the scholarship for 1951-52 is \$100.00. It will increase \$25.00 each year until 1956. After 1956 it will be \$250.00.

# **Huddleston Scholarship**

Mrs. Bert W. Stiles, the daughter of the late Professor G. W. Huddleston, established this scholarship in memory of her father and brother, George B. Huddleston. Mrs. Stiles and her brother are graduates of the college. The scholarship will amount to \$25.00.

# The W. H. Watkins Scholarship

This scholarship was created to help worthy students with their college expenses. The income from the fund is awarded annually to a student selected by the Awards Committee of the faculty.

# The Kenneth Gilbert Loan Scholarship

Mr. and Mrs. T. A. Gilbert, Meridian, Mississippi, are endowing a loan scholarship as a memorial to their son, Kenneth, who lost his life in World War II. He received the B.S. degree from Millsaps in 1935 and was a member of Kappa Sigma fraternity.

# The Graham R. McFarlane Loan Scholarship

This scholarship was created by the McFarlane family to be used as a loan without interest to young people, preferably of the Christian Church, who are going into full time religious work either as ministers or directors of religious education in that denomination. Graham was a Millsaps graduate and lost his life in the Texas City disaster in 1947. The scholarship will be administered by the administration of the college and the executive secretary of the Christian Churches of the state.

# The Dr. and Mrs. J. R. Countiss, Sr., Scholarship

This scholarship was established by Dr. and Mrs. Countiss in 1950. Interest from the fund will go as a scholarship to some student chosen by the college. Dr. Countiss graduated at Millsaps in 1902, was for many years a member of its board of trustees, was a member of the North Mississippi Conference, and was for twenty-four years President of Grenada College.

# The Willie E. Smith Scholarship

This scholarship was established by Mrs. Willie E. Smith in 1951. Interest from the fund will go to some student selected by the college.

# The Josie Millsaps Fitzhugh Scholarship

Mrs. Fitzhugh left the college a \$35,000 fund to be established as a scholarship. Earnings from the fund will go into scholarships for deserving students at Millsaps College.

# The Dr. and Mrs. C. W. Crisler Scholarship

This fund was established by Dr. Charles W. Crisler in memory of his wife. Interest from the fund will go as a scholarship to some student chosen by the college. Dr. Crisler has been a Methodist minister and a member of the Mississippi Conference for more than fifty years.

# The Marvin Galloway Scholarship

This scholarship was created for the purpose of aiding worthy students who need financial assistance. The income from the fund is given each year to a student selected by the Awards Committee of the faculty.

# OPPORTUNITIES FOR PART-TIME EMPLOYMENT

In addition to the scholarships described above, numerous opportunities exist on the campus and in the city for the employment of students who find it necessary to earn a part of their expenses. Students who find it necessary to work gainfully to stay in college should register with the Placement Office. While such registration is not a guarantee of employment, these students are given preference when calls for part-time employees come.

	Electives to total	128

# 4. Art and Music Credit.

A maximum of twelve hours of Art will be accepted toward a degree. A maximum of forty-two hours of Music will be accepted toward a degree.

# 5. Residence Requirements:

One year of residence is required for graduation from Millsaps, and 30 of the last 36 hours of academic work must be done in residence. The only exception allowed to this rule is in the case of students leaving to enter graduate or professional school, who may transfer back the final 18 hours of work. In this case, however, residence will be required at Millsaps for the second semester of the Junior year and the first semester of the Senior year.

Three summer sessions will be considered as equivalent to the one year of residence required.

<sup>\*</sup>If a student has two high school units and continues the same language in college, he is required to take only the foreign language 11-12 courses (6 hours).

# 6. English Proficiency Requirement:

Before receiving a bachelor's degree each student is required to demonstrate proficiency in English composition and usage by passing an examination given by the English Department. This examination is given in the first semester of the Junior year (or in the first semester of residence, in the case of students transferring to Millsaps at a later point in their college course). Those who fail to pass this examination are assigned to a member of the faculty for supervision in acquiring the required degree of proficiency.

# 7. Extra Curricular Credits:

The following extra curricular activities to a maximum of eight semester hours may be included in the 128 semester hours required for graduation:

Physical Education (Required)	2
Physical Education (Elective)	6
Purple and White Editor	4
Purple and White Business Manager	4
Purple and White Department Editors (six)	6
Purple and White Reporters (six)	6
Bobashela Editor	4
Bobashela Business Manager	4
Players	6
Millsaps Singers	6
Debate	6
Typewriting	4
Band	6

(Only one semester hour in each activity may be earned in each semester, except by the Editor and Business Manager of the Purple and White and the Bobashela.)

# 8. Majors:

In addition to taking the prescribed work for the degree, the student must major in one of the following departments:

Biology.—A student majoring in Biology is required to take Biology 12, 21-22, 31-32, 42, and 61 and elect other courses to total at least 24 semester hours. Courses 91-92 and 101 are not accepted toward a major.

Chemistry.—All majors are required to take Chemistry 21-22, 31-32, 41 or 42, 61-62, (pre-med majors may substitute 61A for 61-62), Physics 11A-12A, and it is suggested that they also take Physics 32. All majors except pre-medical students are required to take Mathematics through Integral Calculus.

Economics and Business Administration.—An Economics major is required to take Economics 21-22, 31-32, and at least 18 additional semester hours in the department. Courses in shorthand and typewriting are not counted toward fulfillment of this requirement.

Elementary Education.—Students majoring in Elementary Education are required to earn a total of 24 semester hours in this field, including Psychology 11-12, Education 21-22, 91-92, and 101. Physical Education for the Elementary School and courses in Music and Art for the Elementary School are strongly recommended.

English.—An English major is required to take English 11-12 and 21-22. In addition the student must take twelve semester hours of other courses in the department. English 51 and 52 will not count toward this requirement.

French and Spanish.—For students majoring in either of these subjects no one course is required with more emphasis than the others. Such students are urged to take every course in their major subject which they can include in their schedules. A minimum of 24 semester hours is required beyond the A1-A2 course.

Geology.—To major in Geology a student must take Geology 11-12, 32, 41, and 51, and 9 semester hours selected from Geology 21-22, 31, 42, 52, and 71. Majors must take one year each of Chemistry, Physics, Biology, and Astronomy, and a third semester of mathematics. An additional year of Chemistry or of Physics is advised.

German.—To major in German a student must take German 41-42 and any other twenty-four semester hours in this department.

History.—Any courses in this department totaling at least 24 semester hours will be accepted for a major in History. A preliminary test must be passed at least one semester before the comprehensive examination.

Latin.—To major in Latin a student is required to take 24 semester hours of Latin beyond the A1-A2 course.

Mathematics.—For a major, Mathematics 11-12, 21-22, 31-32, and 9 semester hours selected from the other Mathematics courses must be taken. An additional course is strongly recommended.

Music.—See listings under the Department of Fine Arts, page 56.

Philosophy.—Any courses in this department totaling at least 24 semester hours will be accepted for a major.

Physics and Astronomy.—Students majoring in these two subjects should take General Physics, Astronomy 11-12, and additional work in the department to make a minimum of 24 semester hours. Chemistry 61 may be counted toward a major. Majors are advised to take a minimum of 12 hours of Mathematics and 14 of Chemistry.

Political Science.—Students majoring in Political Science are required to take 24 semester hours in that field, including Political Science 21. They are also required to take Economics 21-22.

Psychology.—Students majoring in Psychology are required to earn a minimum of 24 semester hours in the department, including 11-12, 61, and 112. Courses in Zoology, Physics, Sociology, and Philosophy are strongly recommended for Psychology majors.

Religion.--Religion 11 and 12 are required of all students. Majors in Religion are required to take an additional 24 hours of courses in the department.

Sociology.—Majors in Sociology are required to take Sociology 11-12, 102, and 15 additional semester hours in the department.

Students may be permitted to major in a subject only after careful consideration and with the consent of the head of the department.

A major for each student must be approved by one of the department heads not later than the beginning of the junior year. Two cards will be signed by the major professor to show approval of the choice of a major, and these cards will be kept on file, one with the Registrar's Office and one with the major professor.

No junior or senior registration will be accepted as complete by the Registrar's Office without the signed approval of the major professor.

For failing to maintain a C average or for other good cause, a student may change his major or be advised by his major professor to change his major as late as October 1 of his senior year. He must submit to the Registrar's Office on regular form (obtainable from the Registrar's Office) the express permission of both the Dean and the head of the proposed new major department.

Transfer credit will be accepted toward a major only with the approval of the department.

# 9. Comprehensive Examinations:

Before receiving a bachelor's degree the student must pass a satisfactory comprehensive examination in his major field of study. This examination is given in the senior year and is intended to cover subject matter greater in scope than a single course or series of courses. The purpose of the comprehensive examination is to coordinate the class work with independent reading and thinking in such a way as to relate the knowledge acquired and give the student a general understanding of the field which could not be acquired from individual courses.

Regularly scheduled conferences between department heads and students majoring in the department will be held throughout the senior year. The comprehensive examination requires at least three hours and is part written and part oral, the division of time between the two to be at the discretion of the members of the department concerned. The oral examination will be conducted by a committee composed of members of the department, and, if desired by the department, one or more members of the faculty from other departments or other qualified persons.

A student may take the comprehensive examination only if the courses on which he has credit and in which he is currently enrolled complete the requirements in the major department. He may take the examination in the spring semester if he will be within 21 hours of graduation by the end of that semester. In cases of necessity, the examination will be given in December or January for students who meet the other requirements and who will not be in residence at Millsaps during the spring semester.

The time of the comprehensive examination given in the spring semester is the first week in May of each year. Comprehensive examinations will not be given during the summer except by permission of the Dean.

Those who fail a comprehensive examination may have an opportunity to take another examination after the lapse of two months. If the student fails the second comprehensive, he may not have another until he has taken at least one additional semester's work in Millsaps College.

# COURSES REQUIRED FOR REGULAR STUDENTS

A regular student will be required to enroll for English, Mathematics, and Foreign Language each year until he has completed the degree requirements in these subjects. This rule does not apply to the summer session, or to students entering the second semester if the appropriate courses are not offered at that time.

Students who wish to prepare for a professional career in Social Work should plan a broad liberal arts program with a major in a social science. Because of the widely varied opportunities in this field, no specific schedule of courses is recommended for the junior and senior years. Instead, each student is urged to consult with his faculty adviser to plan a schedule especially adapted to individual objectives and aptitudes.

## TEACHER TRAINING

A placement bureau for teachers is maintained under the direction of the Department of Education. It seeks to further the interests of teachers trained at Millsaps College and to be of service to school officials who wish to secure efficient teachers.

The attention of students preparing for the teaching profession is called to the fact that a surplus of high school teachers is developing, while at the same time there is a great shortage of elementary teachers.

Students planning to teach in either the elementary or secondary school should follow exactly the appropriate sequence of courses outlined below. The requirements for teaching certificates are quite detailed and specific, and students must have the exact courses specified. These requirements apply to all certificates issued after May 1, 1954. The following course of study will meet the requirements for a Millsaps degree and at the same time qualify the student for the highest type of teaching certificate available with a baccalaureate degree.

This should be taken in the Sophomore year, which will leave room for a 3 hr. elective in the Junior year.

#### ENGINEERING B. S.

The course in Engineering is designed for those students who desire a B.S. degree from Millsaps as well as an engineering degree from the University of Mississippi. Under this plan, the student attends Millsaps for three years, earns at least 110 hours, and takes his comprehensive examination at the end of that time. He then attends the University of Mississippi for two years. By transferring back 18 hours he receives a B.S. degree from Millsaps, and at the end of the fifth year he receives an engineering degree from the University. The heavy program outlined below will be permitted only if the required quality point average is maintained.

Note: The student working for this degree will register as a regular Millsaps College student until his senior year. Then, although continuing to live on the Millsaps campus and enjoying all the privileges and responsibilities thereof, including fraternity or sorority membership, he will register at Belhaven College as a candidate for the Bachelor of Music degree.

Credits in applied music will vary slightly depending on the major selected. Majors are offered in Piano, Voice, Violin, Band or Orchestra Instrument. All curricula meet the Mississippi State Department of Education requirements for the certification of music teachers.

#### MILLSAPS-BELHAVEN COOPERATIVE PROGRAM

Students at Millsaps College are permitted to enroll for one or more courses at Belhaven College as a part of their regular program of studies. The two colleges are located only a few blocks apart, and the schedules have been coordinated so as to make possible this exchange of students between the two campuses. Regular transportation is provided.

There is also a sharing of the physical and other facilities of the two schools. Students at each institution may check out books from either of the college libraries.

# UNIVERSITY OF MISSISSIPPI-MILLSAPS COLLEGE CENTER

Inaugurated in the spring of 1951, the University of Mississippi-Mill-saps College Center represents a cooperative effort of the two institutions to provide broader educational opportunities to the citizens of Jackson and the surrounding area. In addition to the two phases of the program described below, the curricula of the two schools are being coordinated in such a way as to make easier the transition from the pre-medical, prenursing, pre-engineering, pre-law, and other preparatory courses on the Millsaps Campus to the work for professional degrees in these fields offered by the University. Educators in such professional fields are becoming increasingly anxious for their students to have, as a background for their professional work, the broad liberal arts training which a curriculum such as that offered at Millsaps provides.

### GRADUATE STUDY PROGRAM

Graduate credit will be granted by the University of Mississippi for certain courses offered on the Millsaps Campus. These courses are under the supervision of the Dean of the Graduate School of the University of Mississippi and are taught by regular members of the faculty of the University and Millsaps. The credit granted is residence credit toward a Master's degree.

#### ADULT EDUCATION PROGRAM

Late afternoon and evening courses are offered on the Millsaps campus for the benefit of persons employed in the Jackson area. Resident undergraduate credit at either the University of Mississippi or Millsaps may be earned by students in these courses who meet the entrance requirements of either institution. The courses are taught by regular members of the Millsaps faculty and other qualified persons approved by both institutions. The Millsaps library and laboratory facilities are available to students in these courses. Information as to specific courses offered and other matters may be obtained by addressing The Director, University of Mississippi-Millsaps College Center, Jackson 10, Mississippi.

### In-Service Training

Industries in the Jackson area are provided an excellent means of employee training through the specialized training programs set up by the University of Mississippi-Millsaps College Center. This training is available in a wide range of subjects. Special courses can be arranged on a credit or non-credit basis.

# THE WASHINGTON SEMESTER

"The Washington Semester" is a joint arrangement between The American University, Washington, D. C., Millsaps College, and sixteen other colleges and universities in the United States to extend the resources of the national capital to superior students in the field of the social sciences. The object is to provide a direct contact with the work of governmental departments and other national and international agencies that are located in Washington, thus acquainting the students with possible careers in public service and imparting a knowledge of government in action.

Under this arrangement qualified students of demonstrated capacity from the participating colleges will spend a semester at the School of Social Sciences and Public Affairs of the American University in Washington. They will earn there fifteen hours toward graduation in their home colleges. In Washington the program is coordinated by staff members of The American University, assisted by a professor appointed for a single semester by one of the participating colleges.

Millsaps will ordinarily send two students in each fall semester. These will be either juniors or first semester seniors and will be selected by a faculty committee in April of each year. The students selected will pay their fees, including room-rent, to Millsaps. Their only extra expense for the Washington semester will be slightly higher food costs in Washington and transportation to and from the nation's capital.

It is believed by the administration and faculty of Millsaps that this opportunity for first-hand study and observation of government in action is unexcelled by any undergraduate program in education today.

### DIVISIONAL GROUPINGS

For administrative purposes the departments of instruction at Mill-saps are arranged in three groups as follows:

#### Humanities-

Fine Arts, Languages, Philosophy, Religion, Speech.

#### Natural Sciences-

Biology, Chemistry, Geology, Mathematics, Physics and Astronomy, Psychology.

#### Social Sciences-

Economics and Business Administration, Education, History, Political Science, Psychology, Sociology.

# NUMBERING SYSTEM

Unless otherwise stated, the courses with odd numbers are offered the first semester and those with even numbers the second.

Hyphenated numbers (e.g., 11-12) indicate that students are not admitted to the second semester without credit for the first.

# I DEPARTMENT OF ANCIENT LANGUAGES

#### PROFESSOR HAMILTON

ASSOCIATE PROFESSOR COULLET

PROFESSOR SANDERS

The ideas and culture of Greece and Rome live on today in their contributions to the culture of Western civilization. Intimate contact with the very words which express the aspirations of those great spirits whose influence has been so abiding and formative in the modern world should help shape the student's character to fine and worthy purposes. Furthermore, this undertaking affords a most rigorous exercise in the scientific method, producing habits and reflexes of accuracy, efficiency, and system.

Credit is not given for one semester of the elementary course unless the other semester is completed.

#### LATIN

- A1-A2. Elementary Latin.—Designed for students who have undertaken no previous study of the language. Mastery of declensions and conjugations, of syntax and sentence structure; familiarity with the Latin thought order and the technique of translation. A large amount of easy reading is required. Vocabulary is enlarged and sight reading is practiced during the second semester. Six hours credit. Mrs. Coullet.
- 11-12. Intermediate Latin.—The first semester is given over to review of forms, syntax, and sentence structure, and their application in translation and sight reading of moderately difficult Latin. The second semester is devoted to the translation of selections from Caesar, Cicero, Vergil, and Ovid. Six hours credit. Mrs. Coullet.

Prerequisite: Latin A1-A2 or two units of high school Latin.

21. Horace, Odes and Epodes.—This course is designed to give the student an appreciation of the place occupied by the poet not only in his own environment and age but through the centuries, and to create an intelligent appreciation of his poetry. Three hours credit. Dr. Hamilton or Mrs. Coullet.

Prerequisite: Latin 11-12 or the equivalent.

22. Plautus.—The student is introduced to Roman comedy and its Greek background. Wide reading in this period of literature is required. Two plays of Plautus are read in the Latin and several in translation. Three hours credit. Dr. Hamilton or Mrs. Coullet.

Prerequisite: Latin 11-12 or the equivalent.

32. Classical Archaeology.—This course attempts to visualize ancient classical civilization and may be elected by those who are not taking formal courses in Latin and Greek translation. It consists of lectures and outside reading supplemented by lantern slides. Three hours credit. Dr. Hamilton.

Offered in alternate years. Not offered in 1952-53.

41. Mythology.—A study of the ancient myths of Greece and Rome and their influence on later literature. Three hours credit. Mrs. Coullet. Offered in alternate years, including 1952-53.

42. Roman Private Life.—A course of study designed to familiarize students with the everyday life and habits of the Romans. Three hours credit. Mrs. Coullet.

Offered in alternate years. Not offered in 1952-53.

51. Roman Elegiac Poets.—Readings in Catullus, Propertius, and Tibullus. Three hours credit. Dr. Hamilton.

Prerequisite: Latin 21-22.

Offered in alternate years. Not offered in 1952-53.

52. Lucretius.—Translation of the fifth book of the De Rerum Natura.
Three hours credit. Dr. Hamilton.

Prerequisite: Latin 21-22.

Offered in alternate years. Not offered in 1952-53.

61. Survey of Greek and Roman Civilizations.—Reading of literature in translation. Study of Greek and Roman remains as well as private and public life. Lectures and outside readings supplemented by lantern slides and films. Three hours credit. Dr. Hamilton or Mrs. Coullet.

Offered in alternate years, including Second Semester, 1952-53.

#### GREEK

- A1-A2. Introduction to Greek.—Attention is paid to the thorough mastery of forms, vocabulary, and syntax, but emphasis is laid also upon the great contributions made by the Greeks to Western civilization in the fields of art, literature, and philosophy. Six hours credit. Dr. Hamilton.
- 11-12. Xenophon and Plato.—Two books of the Anabasis and Plato's Apology and Crito are covered during two semesters. Selections from the Greek New Testament are sometimes read in this course. Six hours credit. Dr. Hamilton or Mr. Sanders.

Prerequisite: Greek A1-A2.

31-32. Greek New Testament.-Six hours credit. Dr. Hamilton.

Prerequisite: Greek 11-12.

Offered whenever there is sufficient demand.

#### II DEPARTMENT OF BIOLOGY

#### PROFESSOR RIECKEN

PROFESSOR GIRVIN

ASSISTANT PROFESSOR DUNNIHOO

Biology serves (1) to present the basic principles underlying all life phenomena and to correlate these principles with human living; (2) to give students a panorama of the kinds of animals and plants which now inhabit the earth and the major features of their behavior; (3) to help students appreciate their living environments; and (4) to present a generalized view of heredity and evolution.

11. Botany.—Structure and physiology of seed-bearing plants. Two discussion periods and one two-hour laboratory a week. Three hours credit. Dr. Riecken.

- 12. Botany.—Life cycles and embryological relationships of plant groups from the most primitive to the highest. Two discussion periods and one two-hour laboratory a week. Three hours credit. Dr. Riecken.
- 21. Zoology.—Structure and physiology of invertebrates and their relationship to one another. Two discussion periods and one two-hour laboratory a week. Three hours credit. Dr. Girvin and Mr. Dunnihoo.
- 22. Zoology.—Structure and physiology of vertebrates and their relation to invertebrates. Two discussion periods and one two-hour laboratory a week. Three hours credit. Dr. Girvin and Mr. Dunnihoo.
- 31. Vertebrate Anatomy.—For pre-medical students, pre-dental students, and biology majors. To be taken with 21. Study and dissection of the dogfish type as a basis for comparative anatomy. One two-hour laboratory a week. One hour credit. Mr. Dunnihoo.
- 32. Vertebrate Anatomy.—A continuation of 31. To be taken with 22. Study and dissection of the frog, turtle, eye, and heart, as a further basis for comparative anatomy. One two-hour laboratory a week. One hour credit. Mr. Dunnihoo.
- 41. Elementary Bacteriology.—Preparation of media, culture methods. sterilization, isolation, staining, and identification of micro-organisms. Two recitations and one four-hour laboratory a week. Four hours credit. Mr. Dunnihoo.

Prerequisite: Biology 11-12 or 21-22.

- 42. Comparative Anatomy.—A comparative study of typical vertebrate forms. Dissection of the cat. One discussion period and one four-hour laboratory a week. Three hours credit. Dr. Girvin.

  Prerequisites: Biology 21-22, 31-32.
- 51. Histology and Microtechnique.—Study and preparation of temporary and permanent microscopic sections of plant and animal tissues. One recitation and one four-hour laboratory a week. Three hours credit. Mr. Dunnihoo.

Prerequisite: Biology 11-12 or 21-22.

52. Genetics.—Principles of inheritance in plants and animals. Three recitations a week. Three hours credit. Dr. Girvin.

Prerequisite: Biology 11-12 or 21-22.

**61.** Embryology.—Development of vertebrates in embryo. One lecture-recitation and one four-hour laboratory a week. Three hours credit. Dr. Girvin.

Prerequisite: Biology 21-22.

62. Physiology and Clinical Laboratory Methods.—Physiological processes of the cell and functions of the organs in vertebrates. Laboratory includes clinical laboratory practice in blood, urine, milk, and water analysis. Two recitations and four hours of laboratory. Four hours credit. Mr. Dunnihoo.

Prerequisites: Biology 21-22 and preferably 41.

71-72. Special Problems.—One to three hours credit for each semester. Staff.

Prerequisite: Permission of the Instructor.

- 81. Taxonomy of Trees and Shrubs.—Collection of leaves and identification of species of trees and shrubs of Mississippi with instruction in hebarium methods. A laboratory course. One, two, or three hours credit. Dr. Riecken.
- 82. Taxonomy of Flowering Plants.—Collection and identification of wild flowers of Mississippi with instruction in herbarium methods. A laboratory course. One, two or three hours credit. Dr. Riecken.
- 91. Human Anatomy—Physiology.—A study of the bones, muscles, and organs in relation to physical development. Designed especially for the general student and those interested in Physical Education. Not for pre-medical students, pre-dental students, or biology majors. Three discussion periods a week. Three hours credit. Mr. Dunnihoo.
- 92. Human Anatomy—Physiology.—Continuation of 91. Three hours credit. Mr. Dunnihoo.
- 101. Hygiene.—Personal health and care of the body; food, sanitation, diseases and contagion, vitamins, and hormones. Three hours lecture. Three hours credit. Mr. Dunnihoo.
- 102. Entomology.—Collection, identification, and study of the life cycles of insects. One lecture and two laboratories a week. Three hours credit. Mr. Dunnihoo.

# III DEPARTMENT OF CHEMISTRY

EMERITUS PROFESSOR SULLIVAN PROFESSOR PRICE PROFESSOR PRIDDY ASSOCIATE PROFESSOR JAMES

The objectives of the Department of Chemistry are: (1) to provide at least an introduction to the scientific method for non-science majors; (2) to equip science majors with the proper background for professional and graduate study; and (3) to provide terminal training for those students who go into industry as technicians.

- 21-22. Inorganic Chemistry.—Fundamental principles of general inorganic chemistry and applications; nonmetallic elements and their principal compounds. Introduction to organic chemistry; chemistry of metals; introduction to qualitative analysis. Three lecture-recitations and one laboratory period per week through both semesters. Eight hours credit. Dr. Price.
- 31-32. Organic Chemistry.—Aliphatic compounds, methods of organic analysis, and determination of formula. Aromatic compounds, and introduction to physiological chemistry. Three lecture-recitation periods and two laboratory periods per week through both semesters. Ten hours credit. Dr. Price.

Prerequisite: Chemistry 21-22.

- 41. Qualitative Analysis.—The theory and practice of inorganic qualitative analysis according to semi-micro methods. Mass action law, chemical equilibrium, solubility product principle, and modern theory of electrolytes. Two lecture-recitation periods, and two laboratory periods per week. Four hours credit. Mr. James.
- 42. Organic Qualitative Analysis.—Identification of organic compounds and mixtures of organic compounds. Two lecture-recitation periods and two laboratory periods per week. Four hours credit. Dr. Price. Prerequisite: Chemistry 31-32.
- 61-62. Physical Chemistry. A course designed for all chemistry majors except pre-medical students. A study of atomic structure, the properties and laws of the three states of matter, thermodynamics, thermo-chemistry, equilibrium, phase rule, electrochemistry, and kinetics. Three lecture periods and one laboratory period per week through both semesters. Eight hours credit. Mr. James.

Prerequisite: Chemistry 21-22. 71, and Calculus (may be taken concurrently).

61A. Pre-medical Physical Chemistry. — A one-semester introductory course designed to meet the needs of pre-medical students. Gas laws, properties of liquids, properties of solutions, chemical kinetics, catalysis, electrochemistry, and colloidal solutions. Three lecture recitation periods and one laboratory period per week. Four hours credit. Mr. James.

Prerequisite: Chemistry 21-22.

71. Quantitative Analysis.—Theory and practice of inorganic quantitative analysis. Gravimetric and volumetric methods with unknowns in acidimetry and alkalimetry; oxidation and reduction; iodimetry; and precipitation methods. Two lecture-recitation periods and two laboratory periods per week. Four hours credit. Mr. James.

Prerequisite: Chemistry 21-22.

72. Advanced Quantitative Analysis.—Analysis of water, fuels, and commercial products. Properties of engineering materials. Two lecture-recitation periods and two laboratory periods per week. Four hours credit. Mr. James.

Prerequisite: Chemistry 71.

- 82. Advanced Inorganic Theory.—A study of atomic structure, atomic power, and radioactivity; the periodic nature of the properties of the elements; the metallurgy, production, reactions, and uses of the elements. Three lecture-recitation periods per week. Three hours credit. Mr. James. Prerequisite: Chemistry 21-22.
- 101-102. Special Problems.—An introduction to research, requiring the use of chemical literature. Open only to approved majors in their senior year. One, two, or three hours credit per semester. Dr. Price.

# IV DEPARTMENT OF ECONOMICS AND BUSINESS ADMINISTRATION

### PROFESSOR WALLACE

ASSOCIATE PROFESSOR PRINCE

MRS. HOLLOWAY

The objectives of the Department of Economics are: (1) to equip students with a more adequate understanding of modern economic society in order to assist them in becoming intelligent citizens of the communities in which they live; (2) to provide a thorough basic foundation for specialized graduate or professional study; and (3) to give students who expect to enter the business world a broad background and some of the fundamental information and viewpoints which will contribute to success and happiness in their later lives. In all courses the social viewpoint of the general welfare of society is emphasized, and the relationships among individual, group, and social welfare are pointed out.

- 11. Modern Economic Society.—A description of the basic institutions and practices of the modern economic world, with some emphasis upon their historical development and their relation to current political and social problems. This course attempts to equip students with some of the fundamental concepts and terminology of the field. Not open to students who have previously received credit in Economics 21-22 or the equivalent. Three hours credit. Mr. Prince.
- 12. Economic Geography.—A course in regional geography of the world with emphasis on the practical application of its techniques to social and economic problems. Special study is devoted to changing trends in the distribution of population, natural resources, and production facilities. Three hours credit. Mr. Prince.
- 21-22. Economic Principles and Problems.—This is the introductory course, designed to provide a general survey of the subject for those who take but one course in the field and to prepare others for advanced courses. Six hours credit. Mr. Prince.
- 31-32. Introduction to Accounting.—A lecture and laboratory course suitable for both the general student of economics and business and the student who expects to do advanced work in Accounting. Required for a major in Economics. Two lectures and one laboratory period per week. Six hours credit. Dr. Wallace.

Prerequisite or corequisite: Economics 21-22.

- 31A-32A. Accounting Laboratory.—An additional laboratory period of two hours per week to be taken concurrently with Economics 31-32. One hour credit per semester. Dr. Wallace.
- 41. Personal Finance.—A non-technical course consisting of a study of the problems which every individual must face in managing his personal income: budgeting; record keeping; savings and investments; life insurance; home ownership; installment buying and other forms of consumer credit; sources of information and protection in connection with the selection and purchase of commodities. Three hours credit. Dr. Wallace.

42. Public Finance.—This course is concerned with the economics of government and public enterprise, and particularly with the objectives, methods, and effects of financing the public part of our economic system. The subjects to be considered include taxation, public expenditures, fiscal administration, and the public debt. Three hours credit. Mr. Prince.

Prerequisite: Economics 21-22.

Offered in alternate years. Not offered in 1952-53.

- 51. Business Law.—This course is designed to acquaint students with the basic legal problems with which nearly every individual must at some time come in contact, to equip them to take elementary measures for protection of their legal rights in order to prevent litigation from arising, and to enable them to recognize situations in which the advice of an attorney is necessary. Topics covered include contracts, bailments, sales, real property, and personal property. Three hours credit. Dr. Wallace. Prerequisite or corequisite: Economics 21-22.
- **52.** Business Law.—A continuation of Economics 51. Topics covered include agency, negotiable instruments, partnerships, and corporations. Three hours credit. Dr. Wallace.

Prerequisite: Economics 51.

61. Money, Banking, and Credit.—A study of the institutional characteristics and historical development of our money and banking system. Emphasis is placed on the part played by commercial, investment, and consumer credit in production, as well as in the functioning of the pricing process in a capitalist economy. Reference is made to current monetary and banking conditions and problems. Three hours credit. Mr. Prince.

Prerequisite: Economics 21-22.

- Offered in alternate years, including 1952-53.
- 62. Business Finance.—A comparison of individual proprietorships, partnerships, and corporations, and of the different types of corporate securities, with major emphasis on methods of providing fixed and working capital for promotion, operation, and expansion of corporations. Three hours credit. Dr. Wallace.

Prerequisite: Economics 21.

Offered in alternate years, including 1952-53.

71. Statistics.—An introductory course for students of the social sciences.

A study of the techniques of tabulating data, graphic methods, computation of measures of central tendency, index numbers, variability, and correlation. Three hours credit.

Offered in alternate years. Not offered in 1952-53.

- 81. Intermediate Accounting.—A continuation of corporate accounting with major emphasis on the content, valuation, and presentation of the principal balance sheet items. Three hours credit. Prerequisite: Economics 31-32.
- 82. Advanced Accounting.—A continuation of Economics 81, with major emphasis on accounting for consignments and installment sales, the

treatment of asset, liability, and net worth reserves, analysis of financial statements, and special attention to consolidated statements. Three hours credit.

Prerequisite: Economics 31-32.

91. Current Economic Problems and Research Methods.—A course designed primarily for juniors and seniors who are majoring in Economics or one of the other social sciences. It deals particularly with current conditions in respect to volume of employment: the underlying conditions of consumer expenditures, savings, investment, and plans for maintaining or securing full employment. An integral part of this course will be instruction as to preparation of research reports, which is of particular aid to persons working in the field of business, economics, and the social sciences. Students from time to time will present research reports as part of their required work. One to three hours credit. Mr. Prince.

Prerequisite: Economics 21-22, junior standing with a "B" average in major field, and consent of instructor.

92. Business Cycles.—A general survey and description of changes in price levels and production. Past and current business cycle theories. Critical analysis of proposed plans for the control of economic fluctuations. Three hours credit. Mr. Prince.

Prerequisite: Economics 21-22.

hours credit. Mr. Prince.

Offered in alternate years. Not offered in 1952-53.

101-102. Advanced Economic Theory and History of Economic Thought.

—A course designed particularly for juniors and seniors who are majoring in Economics. It deals particularly with the theories of value and distribution, tracing the development of these and other theories through the writings of outstanding economists of modern times. Six

Prerequisite: Economics 21-22 and consent of instructor.

111. Cost Accounting.—A thorough consideration of the basic principles of cost accounting and their practical application, including process, job order, and standard cost procedures. Special attention is given to the use of cost information in the administration and management of business enterprises. Three hours credit.

Prerequisite: Economics 31-32.

112. Auditing.—A standard course covering the theory and practice of auditing, with special attention to the preparation, organization, and interpretation of audit reports. Three hours credit.

Prerequisite: Economics 31-32.

121. Marketing.—A study of marketing agencies, functions, and costs, with major emphasis on retail merchandising and the marketing of agricultural products. Some of the topics covered include channels of trade and transportation, competitive and monopolistic elements in marketing, market research, advertising, standardization of consumer goods, chain store distribution, and cooperative marketing. The viewpoint of society is stressed, and the course concludes with a critical appraisal of

present marketing methods and a consideration of proposals for improvement of the existing marketing organization. Three hours credit. Mr. Prince.

Prerequisite: Economics 21-22.

Offered in alternate years. Not offered in 1952-53.

122. Labor Problems.—A general survey of the problems of the wage earner. Collective bargaining and trade unionism, labor legislation, and social insurance are discussed as means of dealing with these problems. Special consideration is given to the types and method of government intervention. Three hours credit. Mr. Prince.

Prerequisite: Economics 21-22.

Offered in alternate years. Not offered in 1952-53.

### SECRETARIAL STUDIES

- 11-12. Beginning Typewriting.— Development of basic techniques for control of the keyboard and machine parts. Some familiarity with office forms and office procedures is also acquired. Two hours extracurricular credit. Mrs. Holloway.
- 21-22. Advanced Typewriting.—Continued development in office forms and office practice. Greater speed and accuracy in use of the keyboard and machine parts are developed. Two hours extra-curricular credit. Mrs. Holloway.

Prerequisite: Course 11-12 or its equivalent.

31-32. Introduction to Shorthand.—The simplified method of Gregg Shorthand is used in developing the fundamental principles of shorthand. A speed of eighty words a minute is attained by the end of the year. Four hours credit. Mrs. Holloway.

Prerequisite or corequisite: Course 11-12 or its equivalent.

41-42. Advanced Shorthand.—A continuous review of the fundamental principles is provided, and a larger vocabulary and greater speed in dictation and transcription are acquired. Four hours credit. Mrs. Holloway.

Prerequisite: Course 31-32 or its equivalent.

# V DEPARTMENT OF EDUCATION PROFESSOR HAYNES

Courses in education are not open to freshmen. Professional training is offered in both the secondary and elementary fields and is designed to meet the requirements of the Division of Certification, State Department of Education for the standard Professional Certificates in both fields. The courses offered in this department meet the requirements for standard certificates for the school year 1953.

 Educational Psychology—A study of the applications of psychology to problems of learning and teaching. Three hours credit. Mr. Haynes.

Prerequisite: Psychology 11-12.

22. Human Growth and Development.—A study of the growth and development of the individual from infancy through later childhood and adolescence. Three hours credit. Mr. Haynes.

Prerequisite: Psychology 11-12.

- 31. General Methods of Teaching in the High School.—This course is designed to introduce the student to the fundamental principles of learning and teaching. Either semester. Three hours credit. Mr. Haynes. Prerequisite: Psychology 11-12.
- 32. Principles of Secondary Education.—This course is designed to orient those students who are planning to teach in the high school to certain principles and problems of our modern high schools, including guidance. Three hours credit. Mr. Haynes.

  Prerequisite: Psychology 11-12.
- 41. Directed Observation and Practice Teaching in the High School.—
  This course consists of directed observation, discussion of observation, planning, and teaching in the Jackson City Schools. Either semester. Four hours credit. Mr. Haynes.

Prerequisite: "C" average and Education 31-32.

- 51. The Teaching of Reading and the Language Arts in the Elementary School.—This course places special emphasis on the study of methods and materials of teaching reading and the language arts in all the grades of the elementary school. Three hours credit. Mr. Haynes.

  Prerequisite: Psychology 11-12.
- 52. Principles of Elementary Education.—This course is designed to orient those students who are planning to teach in the elementary school to certain principles and problems of our modern elementary schools. Three hours credit. Mr. Haynes.

  Prerequisite: Psychology 11-12.
- 61-62. Directed Observation and Practice Teaching in the Elementary School.—The student observes and teaches in an assigned classroom in the Jackson City Schools throughout the year. Regular conferences are held with the instructor for planning, discussion, and appraisal of this classroom experience. Six hours credit. Mr. Haynes.

  Prerequisite: "C" average and Education 51-52.
- 71. The Teacher and Community.—This course is designed to acquaint the student with the relationships of the teacher to the community and the community to the school. Three hours credit. Mr. Haynes. Prerequisite: Psychology 11-12.
- 81. Principles of Guidance.—Same as Psychology 51. Dr. Musgrave. Prerequisite: Psychology 11-12.

  Offered in alternate years. Not offered in 1952-53.
- 82. Adolescent Psychology.—Same as Psychology 32. Dr. Musgrave. Prerequisite: Psychology 11-12.

  Offered in alternate years. Not offered in 1952-53.

101. Directed Observation and Practice Teaching in the Elementary School.—This course consists of directed observation, discussion of observation, planning, and teaching in the Jackson City Schools. Either semester. Four hours credit. Mr. Haynes.

Prerequisite: "C" average and Education 51-52.

131. Alcohol Education.—A study of the alcohol problem and of the educational approach to it. Does not apply on a major in Education. Either semester. Three hours credit. Dr. Price and staff.

# VI DEPARTMENT OF ENGLISH

PROFESSOR WHITE

ASSOCIATE PROFESSOR HARDIN ASSOCIATE PROFESSOR STONE ASSOCIATE PROFESSOR GOODMAN

ASSISTANT PROFESSOR MOREHEAD

MR. HUTTO

The objectives of the Department of English are: (1) to give all students proficiency in the writing of clear and correct English, and to make them familiar with the master works which are the literary heritage of the English people; (2) to give to all who wish to pursue electives in the department a deep understanding and appreciation of selected authors and periods of literature; and (3) to provide, for those who wish to teach or enter graduate school, adequate preparation and a thorough background for specialized study.

- 11. Composition.—A concentrated study of fundamentals of composition, weekly themes, and analysis of prose. Intensive reading and methods of study are stressed. Either semester. Three hours credit. Mrs. Stone, Mrs. Goodman, Mr. Hardin, Miss Morehead.
- 12. Composition.—A continuation of the work of the first semester and the preparation of a research paper. Selections from literature are studied and analyzed. Three hours credit. Mrs. Stone, Mrs. Goodman, Mr. Hardin, Miss Morehead.
- 21. English Literature.—A survey of English literature from the beginnings to the eighteenth century. The course attempts a study of the literature itself and of its historical development. Three hours credit. Dr. White, Mrs. Stone, Mrs. Goodman, Mr. Hardin, Miss Morehead. Prerequisite: English 11-12.
- 22. English Literature.—A continuation of the study of English literature from the eighteenth century through the nineteenth. Three hours credit. Dr. White, Mrs. Stone, Mrs. Goodman, Mr. Hardin, Miss Morehead. Prerequisite: English 11-12 and, preferably, 21.
- 31. Shakespeare.—An intensive study of Macbeth and Hamlet. Lectures on the plays. Careful attention to Shakespearean diction, constructions, and customs. Ten of Shakespeare's plays are required as parallel reading during the semester. Three hours credit. Dr. White. Prerequisite or corequisite: English 21-22.

Shakespeare.—An intensive study of King Lear, Othello, and Henry IV, part one. A life of Shakespeare and ten more of his plays are required as parallel reading. Three hours credit. Dr. White.

Prerequisite or corequisite: English 21-22.

- English Romantic Poets.—A study of the poetry and the prose of 41. the great Romantic poets. Extensive library readings and a term paper on a special topic are required. Three hours credit. Dr. White. Prerequisite or corequisite: English 21-22.
- Tennyson, Browning, and Arnold.—A study of the poetry and prose of the great Victorian poets. Library readings and papers are re-Three hours credit. Dr. White. Prerequisite or corequisite: English 21-22.
- Journalism.—A fundamental course in news reporting, with practice in writing various types of news stories. To be taken as the foundation for more advanced work in journalism. Three hours credit. Mr. Hutto.

Prerequisite or corequisite: English 21-22.

Newspaper Copyreading and Make-Up .-- Practical study in preparing written copy for newspaper publication, writing headlines, and arranging stories and pictures attractively on the newspaper page. Instruction in editing theory and the handling of various types of stories. Three hours credit. Mr. Hutto.

Prerequisite: English 51 or consent of instructor.

Advanced Composition .- A course designed primarily for students who want practice in writing beyond the freshman level. It will consist of the theory and practice of composition selected according to the need or desire of the individual student and will include such types of writing as factual discussions, case reports, scientific articles, and creative work in one or more of the literary forms. The course will be chiefly a laboratory course, with much of the actual composition and criticism done during the class period; there will be, however, some outside assignments in reading and in writing. First semester. Three hours credit. Miss Morehead.

Prerequisite: English 11-12.

71. A Survey of English Drama.—An account of the origin and development of English drama is presented in lectures. Plays from the beginning of English drama to Shakespeare are studied for the detection of native, classical, and romantic influences. A few seventeenth and eighteenth century plays are read, and a survey of types is attempted. Three hours credit. Dr. White.

Prerequisite: English 21-22.

72. Modern Drama.—A study of contemporary British, American, and Continental drama. Approximately fifty plays are assigned for reading. Three hours credit. Dr. White.

Prerequisite: English 21-22.

81. American Literature.—A survey of American literature from the early seventeenth century through the nineteenth century. Historical background is presented as an aid to the understanding of American intellectual development. Emphasis on major movements and major authors. Three hours credit. Mrs. Goodman.

Prerequisite: English 11-12.

82. American Literature.—A survey of American literature in the twentieth century, with emphasis on developments and trends in the fields of poetry, prose fiction, and serious prose. Three hours credit. Mrs. Goodman.

Prerequisite: English 11-12.

91. The Victorian Novel.—Readings in the major novelists of the Victorian era. Written reports. Lectures on types, movements, and authors. Three hours credit. Dr. White.

Prerequisite: English 21-22.

92. Short Story Analysis.—Study of roots of fiction and a few early tales. Emphasis on modern stories. Three hours credit. Mrs. Goodman.

Prerequisite: English 21-22.

111. Literature of the Western World.—A chronological study of the literature of the Western World, by moods. Classicism, Romanticism, and Realism are considered in turn. Second semester. Three hours credit. Dr. White.

Prerequisite: English 21-22.

121. Modern American and British Poetry.—A survey of British and American poetry since 1900. Three hours credit. Mrs. Stone.

Prerequisite: English 21-22.

122. Background of the Novel in English.—Readings in the history and criticism of the novel in general. Analysis of specific types, trends, and styles. Intensive reading and analysis of twelve British and American novels. Three hours credit. Mrs. Stone.

Prerequisite: English 21-22.

141. British Poetry of the Seventeenth Century.—A study of the works of the representative poets of the seventeenth century, with a special emphasis on the works of John Milton. The writings of the metaphysical and cavalier poets, as well as the works of John Dryden, are included. Three hours credit. Mr. Hardin.

Prerequisite: English 21-22.

142. British Prose and Poetry of the Eighteenth Century.—A study of British literature of the eighteenth century, selected from the works of Defoe and Swift through those of Robert Burns, with special emphasis given to the beginnings of the Romantic Movement. Three hours credit. Mr. Hardin.

Prerequisite: English 21-22.

# VII THE DEPARTMENT OF FINE ARTS

#### MUSIC

As a part of the Millsaps-Belhaven Cooperative Program, described on page 38, the Music Departments of the two institutions have been combined. All music courses are offered by Belhaven College. Millsaps students who wish to earn the Bachelor of Music degree from Belhaven may do so by taking the first three years at Millsaps and the final year at Belhaven. They do not have to give up their residence on the Millsaps campus or fraternity or sorority membership.

Millsaps students may still earn the Bachelor of Arts degree with a major in Music from Millsaps College. A maximum of forty-two hours of music may be counted toward a degree.

The following courses of study are offered:

Applied Music Major. Required: eighteen hours in one field of applied music; twenty-four hours in theory. A recital satisfactory to the faculty must be presented in the junior and senior years.

Theory Major. Required: Thirty hours in theory; twelve hours in applied music.

Band Direction. Required: Twenty hours in applied music; twenty-two hours in theory. The student is required to present a senior recital.

Teaching licenses can be secured by music majors with the addition of the necessary Education and Music Education courses, most of which can be used as a part of the student's electives.

For course numbers, titles, and for music fees, consult the catalog of Belhaven College.

Millsaps students enjoy the opportunity of participation in the Jackson Symphony Orchestra, the Jackson Opera Guild, the Jackson Little Theater, and the Jackson Art Association. They can also buy tickets at special student rates for the concerts of the Jackson Symphony Orchestra and the Jackson Music Association Series.

#### ART

- 11-12. Design, color theory, water color, and composition. Individual criticism. Two three-hour periods per week. Six hours credit. Mr. Karl Wolfe.
- 21-22. Figure Drawing. Group and individual instruction and criticism. Two three-hour periods per week. Six hours credit. Mr. Karl Wolfe.
- 31. Art Appreciation.—A series of lectures and discussions supplemented by slides and opaque projections designed to develop an understanding and appreciation of the various forms of art and architecture. One hour credit. Mr. Karl Wolfe.

# VIII THE DEPARTMENT OF GEOLOGY

# EMERITUS PROFESSOR SULLIVAN PROFESSOR PRIDDY

Geology at Millsaps is designed to offer the usual basic courses in physical, historical, structural, and economic geology. They are supplemented by Gulf Coast studies in stratigraphy, petroleum geology, and micropaleontology. Any student can enter physical and historical geology, but subsequent courses require introductory mathematics, chemistry, physics, and biology. Since most advanced courses are offered alternately, it is necessary that the order of prerequisites be carefully chosen. All courses require laboratory work, much of which is field work.

11. Physical Geology.—This course is based on a study of the earth, the rocks which compose its surface, erosional and depositional processes, volcanism, deformation of the earth's crust, and economic deposits. One or two field trips. Two lecture hours and two hours laboratory. Three hours credit. Dr. Priddy.

Offered each semester and first term summer school.

12. Historical Geology.—A study of the events leading to the present configuration of the continental masses, accounting for the kinds and distribution of surface rocks and minerals. The course includes an introduction to paleontology and several trips to fossiliferous areas easily accessible to Jackson. Two lecture hours and two hours laboratory. Three hours credit. Dr. Priddy.

Prerequisite: Geology 11, or to be taken concurrently with Geology 11. Offered each semester and second term summer school.

21. Mineralogy.—The purpose of this course is to classify the common minerals and rocks and to study their modes of occurrence and economic uses. Students will classify hand specimens by crystal structure, hardness, cleavage, color, luster, and specific gravity. Blowpipe analysis will give an idea of the chemical content of the common minerals. The course is an interesting elective for chemistry, physics, and mathematics majors. Two lecture hours and two hours laboratory. Three hours credit. Dr. Priddy.

Prerequisite: Geology 11 and Chemistry 21-22. Introductory physics and mathematics courses are desirable.

Offered in alternate years. Next offered first term summer school 1952.

22. Economic Geology.—A study of the chief economic minerals of the United States and other countries, with consideration of their stratigraphy, development, value, and use. Two hours lecture and two hours laboratory. Three hours credit. Dr. Priddy.

Prerequisite: Geology 11-12 and 21.

Offered in alternate years. Next offered second term summer school 1952.

31. Geology of Mississippi.—A course designed to acquaint the student with the stratigraphy, structure, and physiography of the Gulf Coast Embayment and especially of Mississippi. Studies will consist of stratigraphic and structural cross-sections, paleogeographic maps, index fossils,

and assigned readings in Mississippi and regional literature. One two-day field trip and several short ones provide supplementary information. Two lecture hours and two hours laboratory. Three hours credit. Dr. Priddy. Prerequisite: Geology 11-12, 32, and 41.

Offered in alternate years, including 1952-53.

32. Structural Geology.—Structural features of the rocks composing the earth's crust, their origin, and their relations to economic geology. Geological folios and reports on the structure of oil fields will be used in laboratory. Two lecture hours and two hours laboratory. Three hours credit. Dr. Priddy.

Prerequisite: Geology 11-12. Offered each spring semester.

41. Physiography (Geomorphology).—A more detailed treatment of land forms than provided in Geology 11. The physiographic provinces and sections of the United States are studied systematically, but most emphasis is placed on the Coastal Plain. Topographic maps, aerial photographs, and geological folios are used in laboratory. Two lecture hours and two hours laboratory. Three hours credit. Dr. Priddy.

Prerequisite: Geology 11-12.

Offered each fall semester.

- 42. Petroleum Geology.—A course designed to acquaint students with structure and stratigraphy as applied to petroleum geology. Special attention is paid to surface and sub-surface mapping, geophysical methods of exploration, and correlation of drillers and electrical logs. For practice, a Mississippi oil field will be followed through its various stages of exploration and development. Trips are made to several drilling wells. Two lecture hours and two hours laboratory. Three hours credit. Dr. Priddy. Prerequisite: Geology 11-12, 31, 32, and 42, and Chemistry 21-22. Offered in alternate years, including 1952-53.
- 51. Invertebrate Paleontology.—The principles of paleontology. Classification of invertebrates with reference to their evolutionary history and adaptation to environment. Laboratory study of the morphology and distribution of fossils. Special attention will be paid to the diagnostic fossils of Mississppi geological units collected during field trips. An interesting elective for biology majors. Two lecture hours and two hours laboratory. Three hours credit. Dr. Priddy.

Prerequisite: Geology 11-12 for geology majors, Biology 11-12 or 21-22 for biology students.

Offered in alternate years. Next offered first term Summer School 1953.

52. Vertebrate Paleontology and Paleobotany.—A study of vertebrate fossil life, especially that found in Gulf Coast units. The last part is devoted to paleobotany. An interesting elective for biology majors. Two lecture hours and two hours laboratory. Three hours credit. Dr. Priddy. Prerequisite: Geology 11 and 12 for geology majors, Biology 11-12 or 21-22 for biology students.

Offered in alternate years. Next offered first term Summer School 1953.

61-62. Special Problems.—Open to advanced students who have individual problems in the field or in laboratory. Subjects may include aerial mapping, micropaleontology, petrology, study of oil well cuttings, and correlation of oil well logs. One to three hours credit for each course. Credit for 61 or 62 may be obtained by taking Sedimentation Course at Gulf Coast Research Laboratory one summer.

Prerequisite: Twenty-four hours of geology. Offered each semester.

71. Field Geology.—A field course in one of the numerous summer geology field camps offering practical training in the standard methods of geologic field work. After completion of the field work a report is to be prepared by each student. Three to six hours credit depending on the duration of the camp. Three hours credit may be obtained by taking Sedimentation Course at Gulf Coast Research Laboratory one summer. Prerequisite: To be determined by the college or colleges operating the course, the probable equivalent of Geology 11-12, 41, 32, and either Geology 51-52 or 21-22.

Offered each summer at the time designated by the camp operators.

# IX DEPARTMENT OF GERMAN

# PROFESSOR HAMILTON ASSISTANT PROFESSOR HARRER\*

The German department courses have been set up to give those students taking their language requirement in this department a firm basis in grammar and an introduction to the literature of this language. For majors in the department courses have been arranged to give the student a firm knowledge of the grammar as well as a broad and basic conception of the great literature and history of Germany.

Credit is not given for one semester of the elementary course unless the other semester is completed.

- A1-A2. Beginner's German.—This course is designed to give beginners the fundamentals of grammar and syntax together with easy reading exercises. Several easy short stories are read during the second semester. Six hours credit. Dr. Hamilton.
- 11-12. Intermediate German.—Review of grammar. The student is introduced to some of the great writers of German literature. Six hours credit. Dr. Hamilton.

Prerequisite: German A1-A2 or the equivalent.

21-22. Advanced German.—Readings in the German Novelle. Readings in Scientific German are introduced in the second semester when desirable. Six hours credit. Dr. Hamilton.

Prerequisite: German 11-12 or the equivalent.

32. Conversation and Composition.—Exercises and practice in writing and speaking the German language. Three hours credit. Mr. Harrer. Prerequisite: German 11-12 or the equivalent.

Offered in alternate years. Not offered in 1952-53.

<sup>\*</sup>On leave 1951-52, 1952-53.

41. Survey-History of German Literature.—Lecture survey of German literature, discussing periods, authors, works, with oral and written reports by students. Three hours credit. Mr. Harrer.

Prerequisite: German 11-12.

Offered in alternate years. Not offered in 1952-53.

42. Readings in German Literature.—Reading of selected authors is done outside of class with conference direction and instruction. Three hours credit. Mr. Harrer.

Prerequisite: German 41.

Offered in alternate years. Not offered in 1952-53.

Goethe.—Study of the life and works of Goethe. Three hours credit.
 Mr. Harrer.

Prerequisite: German 21-22 or the equivalent.

Offered whenever there is sufficient demand.

Schiller.—Study of the life and works of Schiller. Three hours credit.
 Mr. Harrer.

Prerequisite: German 21-22 or the equivalent. Offered whenever there is sufficient demand.

# X DEPARTMENT OF HISTORY

#### PROFESSOR MOORE

PROFESSOR FERGUSON MR. PLATIG\*

PROFESSOR WHARTON MR. CARTER

History courses have been so planned that the student may follow the causal relationship in human development. Upon a thorough factual foundation, emphasis is placed on the progressive organization of social, intellectual, and moral ideals of peoples and nations. In the approach to an understanding of historical phenomena, literature, religion, racial factors, economic conditions, and social institutions, as well as forms of government, will be considered.

- 11. Western Civilization to 1660.—A general survey of Western political, economic, and social institutions to the middle of the seventeenth century. Three hours credit. Dr. Moore, Mr. Ferguson, Mr. Platig, Mr. Carter.
- 12. Western Civilization since 1660.—A study of European expansion and world influence from the time of Louis XIV to the present. Three hours credit. Dr. Moore, Mr. Ferguson, Mr. Platig, Mr. Carter.
- 21. History of the United States.—A general course in American history, covering the European background of colonial life, the Revolution, the Constitution, and the development of the nation to the Civil War. Three hours credit. Dr. Moore, Mr. Ferguson.
- 22. History of the United States.—The history of the United States from 1860 to the present. Three hours credit. Dr. Moore, Mr. Ferguson.

<sup>\*</sup>On leave 1951-52, 1952-53.

- 31. Ancient History.—Emphasis is placed upon the contributions of early civilizations to modern western culture. The course covers the history of the Near East through the development of the Persian Empire. Three hours credit. Dr. Wharton.
- 32. Ancient History.—The development of Greece and the Roman Republic and Empire. Emphasis is placed on the influence of Greco-Roman culture on the peoples of northern Europe. Three hours credit. Dr. Wharton.

Prerequisite: History 31.

41. The South.—Development of the southern region of the United States from the time of discovery to the close of the Civil War. Emphasis is placed on the social and economic structure of Southern society before 1860. Three hours credit. Mr. Ferguson.

Prerequisite: Junior standing.

- 42. The South.—The effects of the Civil War and Reconstruction on the social, economic, and political structure of the South, and the development of the region's current problems. Three hours credit. Mr. Ferguson. Prerequisite: Junior standing.
- 51. Problems in Modern History.—The nature and impact of such present-day problems in international relations as Nationalism, Imperialism, Militarism, and Propaganda. Three hours credit. Dr. Moore.

Prerequisite: History 11-12.

52. Problems in Modern History.—A broad view of the history of Europe since 1914. Three hours credit. Dr. Moore.

Prerequisite: History 11-12.

61. Recent American History.—A topical survey of American history 1865-1900, in which emphasis is placed upon political, economic, and social problems. Three hours credit. Dr. Moore.

Prerequisite: History 22.

**62.** Recent American History.—A topical survey of American history 1900 to the present. Special papers will be required. Three hours credit. Dr. Moore.

Prerequisite: History 22.

71-72. Hispanic America.—A study of the political, social, and economic characteristics established by Spain and Portugal in the New World, and of the wars for independence, is made during the first semester. The second semester continues with a study of the development, culture, and resources of the Hispanic American nations. Special attention is given to their relations with the United States. Three hours credit for each semester. Mr. Platig.

Offered in alternate years. Not offered in 1952-53.

81-82. Diplomatic History of Modern Europe.—The first semester is devoted to a study of the state system of nineteenth century Europe through intensive treatment of the French Revolution, the Napoleonic Wars, the Congress of Vienna, and the diplomatic aspects of Italian and German unification. The second semester continues with a study of the diplomatic history of Europe from 1870 to the beginning of the Second World War. Three hours credit each semester. Mr. Platig.

Offered in alternate years. Not offered in 1952-53.

- 91. Diplomatic History of the United States.—A study of the basic principles and events connected with American foreign policy 1775-1865.
  Emphasis is placed on the development of such ideas as the Monroe Doctrine, Freedom of the Seas, and Isolationism. Three hours credit. Mr. Ferguson.
- 92. Diplomatic History of the United States.—American foreign policy since 1865. The United States' involvement in wars, especially World Wars I and II, is considered in detail. Three hours credit. Mr. Ferguson.
- 101-102. History and Culture of the Orient.—The first semester is devoted to a historical survey of the main elements of the cultures of the Orient, while the second semester treats of the impact of Western Civilization upon the Orient. Major emphasis is placed upon China and Japan throughout. Three hours credit for each semester. Mr. Platig.

  Offered in alternate years. Not offered in 1952-53.

#### XI DEPARTMENT OF MATHEMATICS

EMERITUS PROFESSOR MITCHELL PROFESSOR REYNOLDS

MATHEMATICS

\*ASSOCIATE PROFESSOR WINN
ASSISTANT PROFESSOR KNOX

MRS. CALDWELL

The Mathematics courses at Millsaps are intended: (1) to offer an experience in a sufficient variety of basic and liberal subjects to constitute the foundation of that general education which is regarded as essential to balanced development and intelligent citizenship; (2) to meet the needs of four types of students—(a) those who will proceed to the usual academic degrees at the end of four years; (b) those who will enter professional schools after three or four years; (c) those who are preparing for teaching, scientific investigation, or both; and (d) those who will take less than a complete academic program.

An effort is made to show the student that there is an intangible worth to mathematics; that there is such a thing as mathematics as an art, mathematics for its own sake, mathematics for the sheer joy of comparing, analyzing, and imagining.

<sup>\*</sup>Resigned November, 1951.

- College Algebra .- The notion of functional relation in two real 11. variables; the equation; simultaneous linear, quadratic; determinants. Elementary series. Mathematical induction, the binomial theorem, complex numbers, theory of equations. Permutations, combinations, probability. Logarithms; partial fractions. Three hours credit. Dr. Reynolds, Mr. Knox, Mrs. Caldwell.
- Plane Trigonometry.—Definitions of the trigonometric functions, properties, graphs, relations, identities, equations, Analysis, Solution of right and oblique triangles; logarithmic computation. Three hours Dr. Reynolds, Mr. Knox, Mrs. Caldwell. Prerequisite: Mathematics 11.

21. Plane Analytic Geometry.—Rectangular and polar coordinate systems. The straight line, circle, ellipse, parabola, hyperbola. Transformation and rotation of coordinates. The general equation of the second degree. Loci and higher plane curves. Three hours credit. Dr. Reynolds, Mr. Knox.

Prerequisite: Mathematics 12.

- Solid Analytic Geometry.—Rectangular coordinates in space, loci in space, lines, and planes. Surfaces and curves; the seventeen quadric Transformations and matrices. Three hours credit. Mr. Knox. Prerequisite: Mathematics 21.
- Calculus I .- The fundamental notions of limit, infinitesimal, infinity, continuity. Differentiation of algebraic and transcendental functions. Applications, Differentials, curvature, Theorem of mean value, Either semester. Three hours credit. Dr. Reynolds, Mr. Knox.

Prerequisite: Mathematics 21.

32. Calculus II.—Integration as an operation, integration as summation. The definite integral. Applications. Multiple integrals. Three hours credit. Dr. Revnolds.

Prerequisite: Mathematics 31.

41. Calculus III.—Limits, continuity, infinitesimals, differentials, power series, partial and implicit differentiation, definite and line integrals. Three hours credit. Dr. Reynolds.

Prerequisite: Mathematics 32.

College Geometry.—A triangle and its associated circles. Orthogonal circles and inverse points. Pole and Polars. Coaxial circles. Isogonal lines. Similitude. Inversion. Brocard's figures. LeMoine circles. Three hours credit.

Prerequisite: Mathematics 22 or 31.

Offered in alternate years, including 1952-53.

72. Mathematical Theory of Statistics .- An introduction to statistical methods. Frequency distributions and curves, the mean, dispersion, index numbers, moments, and correlation. Three hours credit. Mr. Knox. Prerequisite: Mathematics 32.

81. Differential Equations.—A first course in differential equations of the first and second orders, with applications to geometry, physics, and mechanics. Three hours credit. Mr. Knox.

Prerequisite: Mathematics 32.

82. Theory of Equations.—Irrational numbers. Constructions. Algebraic solutions of the cubic and quartic equations. Symmetric functions of the roots. Determinants and matrices. Three hours credit. Dr. Reynolds.

Prerequisite: Mathematics 31.

92. Modern Algebra.—Congruences, groups, rings, ideals, isomorphisms, and homomorphisms, fields, equivalence. Three hours credit. Dr. Revnolds.

Prerequisite: Mathematics 32.

101. Synthetic Projective Geometry.—One-to-one correspondence. Ideal elements. Primitive forms. Duality. Dimensionality. Cross-ratio. Poles and polars. Construction of conics. Three hours credit.

Prerequisite: Mathematics 31.

Offered in alternate years. Not offered in 1952-53.

#### II. ENGINEERING

The following courses are offered for pre-engineering students for the purpose of preparing them for a course of study in the many fields of Engineering.

- 11. The Slide Rule.—A method of efficient operation of the Duplex type slide rule in calculations. One hour credit. Dr. Reynolds.
- 12. Engineering Orientation.—Orientation for freshmen engineering students. Lectures by faculty on correlation of college studies with engineering practice. One hour credit. Dr. Priddy.
- 22. Descriptive Geometry.—Solution of problems of points, lines, planes, and surfaces of single and double curvature. Problems in intersections and developments. Three hours credit.

Prerequisite: Mathematics 11-12.

31-32. Analytic Mechanics.—The first semester includes rectilinear and curvilinear motion of a particle and a rigid body, statics, centroids, moments of inertia, work and energy. Rotary motion, D'Alembert's principle, motion of a system of rigid bodies in space, and Euler's Equations are covered the second semester. Three hours first semester, two hours second semester. Dr. Reynolds.

Prerequisite: Mathematics 21-22.

41-42. Engineering Drafting.—Orthographic, auxiliary, isometric, and cabinet projections. Dimensioning. Developments. Two hours credit each semester.

Prerequisite: Mathematics 11-12.

# XII DEPARTMENT OF PHILOSOPHY PROFESSOR FLEMING

The courses in philosophy are designed to help the student develop a critical attitude toward life and also an appreciative understanding of life.

- 11. Introduction to Philosophy.—The course is designed to introduce the student to the field of philosophy, that he may learn how comprehensive the field is, and learn also how philosophy is related to life as it is lived from day to day. Three hours credit. Dr. Fleming.
- 12. Ethics.—A study of principles which should be used in the choosing of personal and social values. Three hours credit. Dr. Fleming.
- 22. Logic.—A study of the principles of valid reasoning, of how these principles are most commonly violated, and of how they can be applied to the problems of life. Three hours credit. Dr. Fleming.
- 31. History of Philosophy.—A survey of the development of philosophical thought to the Enlightenment. Three hours credit. Dr. Fleming.
- 32. History of Philosophy.—A survey of the development of philosophical thought from the Enlightenment to the present. Three hours credit. Dr. Fleming.
- 41. Philosophy of Religion.—A study of religious experience in its relation to the whole of life. Three hours credit. Dr. Fleming.

  Offered in alternate years, including 1952-53.
- 42. Metaphysics.—A study of the basic categories of experience and reality. Three hours credit. Dr. Fleming.

Offered in alternate years, including 1952-53.

51. Oriental Philosophy.—A study of the philosophies of the East. Three hours credit. Dr. Fleming.

Offered in alternate years. Not offered in 1952-53.

52. American Philosophy.—A study of the influences upon and the development of philosophical thought in America. Three hours credit. Dr. Fleming.

Offered in alternate years. Not offered in 1952-53.

91. Directed Study in Philosophy.—Either semester. One, two, or three hours credit. Dr. Fleming.

# XIII DEPARTMENT OF PHYSICAL EDUCATION AND ATHLETICS

C. M. BARTLING, Director of Athletics and Physical Education MISS FRANCES DECELL, Director of Women's Physical Education

The aim of the Department of Physical Education and Athletics is to promote physical, mental, social, and emotional development of college students through participation in situations, experiences, and activities. Mental and physical development is sought through muscular coordination, skill development, bodily and mental poise, release of tension and emotion-

al strain. Social and moral development is encouraged through emphasizing the importance of cooperation, fair play, honesty, courtesy, self control, self direction, and unselfishness. Self confidence, leadership and fellowship, wholesome attitudes toward recreational activities, and a well rounded personality are stressed.

#### COURSES FOR MEN

- 11-12M. Basic Physical Training.—The course is designed to condition the student and to give basic fundamentals in all seasonal sports. Two hours each week for the entire year. One hour extra-curricular credit per semester. Mr. Bartling.
- 21-22M. Theory of High School Coaching.—Specialized course open only to men planning to enter high school coaching. This course is designed to prepare men to operate a full scale high school athletic and physical education program. Three hours academic credit per semester. Mr. Bartling.

#### COURSES FOR WOMEN

- 11-12W. Freshman Fundamentals.—A general course required of all freshmen. The first semester is devoted to golf and team sports; the second semester is devoted to rhythms and tennis. One hour extracurricular credit per semester. Miss Decell.
- 21-22W. Golf (open to upperclassmen).—Beginners' and advanced study of golf. One hour extra-curricular credit per semester. Miss Decell.
- 31-32W. Tennis (open to upperclassmen).—Beginners' and advanced study of tennis. One hour extra-curricular credit per semester. Miss Decell.

#### COURSES FOR BOTH MEN AND WOMEN

- 41. Recreational Leadership.—The course is devoted to a study of the history and development of recreation, to leadership in this field, and to an exploration of several areas such as music, drama, crafts, games, sports, etc. Three hours academic credit. Miss Decell.
- 61. Physical Education for the Elementary Grades.—This course is designed primarily for those in the teaching profession. The characteristics of the elementary school child, activities suited to the physical and mental levels represented, facilities, and equipment are considered. Three hours academic credit per semester. Miss Decell.
- 62. Adanced Physical Education for the Elementary Grades. This course deals primarily with two units of work—team game activities and rhythmic activities. Three hours academic credit per semester. Miss Decell.

Prerequisite: Physical Education 61.

82. Camp Counseling.—This course deals with a study of the mental, physical, and emotional characteristics of the camp-age child; the organization of a camp; the art of counseling; health; safety; and the mastery of and experience with the specific activities of the camp program. Three hours academic credit. Miss Decell.

# XIV DEPARTMENT OF PHYSICS AND ASTRONOMY

# EMERITUS PROFESSOR HARRELL ASSOCIATE PROFESSOR GALLOWAY

The courses in General Physics and General Astronomy are concerned largely with the fundamental facts, laws, and theories. These beginning courses serve as terminal courses for those students taking only one year of the subject and also lay an adequate foundation for subsequent study.

The courses in Physics following the elementary course deal with the various divisions of Physics and are arranged to meet the needs of (1) those planning to major in the field of Physics, (2) those majoring in related fields such as Chemistry, Geology, or Biology, and (3) those planning to enter medical, dental, or graduate schools.

### **Physics**

Physics 11-12 or 11A-12A is prerequisite for all other courses in Physics.

General Physics.—An elementary treatment of Mechanics, Heat, and Sound. Two lectures and one laboratory period per week. Three hours credit. Mr. Galloway.

Prerequisite or corequisite: Mathematics 11-12.

General Physics.—An elementary treatment of Magnetism, Electricity, and Light. Two lectures and one laboratory period per week. Three hours credit. Mr. Galloway.

Prerequisite or corequisite: Mathematics 11-12.

11A. General Physics.—A more detailed treatment of Mechanics, Heat, and Sound than provided in Physics 11. Three lectures and one laboratory period per week. Four hours credit. Mr. Galloway.

Prerequisite or corequisite: Mathematics 11-12.

General Physics.—A more detailed treatment of Magnetism. Electricity, and Light than provided in Physics 12. Three lectures and one laboratory period per week. Four hours credit. Mr. Galloway.

Prerequisite or corequisite: Mathematics 11-12.

- General Physics Laboratory.—A laboratory course designed to accompany either Physics 11-12 or Physics 11A-12A to provide additional laboratory work to meet the needs of those students who expect to enter graduate or professional schools. One laboratory period per week. Two hours credit. Mr. Galloway.
- 31. Problems in Intermediate General Physics.—An intermediate problem course dealing with the properties of matter, mechanics, heat, sound, electricity and light. Three hours credit. Mr. Galloway.
- 32. Modern Physics.—An introductory course in Modern Physics. Three lecture periods per week. Three hours credit. Mr. Galloway.

Prerequisite: Ten semester hours of Physics (or consent of instructor).

Prerequisite or corequisite: Chemistry 21-22.

- 41. Mechanics and Heat.—A further study of mechanics and heat with special attention given to thermodynamics, calorimetry, and the kinetic theory of gases. The laboratory work will be devoted, in part, to the determination of the fuel values of different fuels. Two lectures and one laboratory period per week. Three hours credit. Mr. Galloway.
- Offered in alternate years, including 1952-53.
- 42. Light.—This course treats of the principles and laws of reflection, refraction, interference, polarization, and color phenomena. Two lectures and one laboratory period per week. Three hours credit. Mr. Galloway.

Offered in alternate years, including 1952-53.

51. Electricity.—A study of electrical measuring instruments and their use in actual measurements, power stations and the distribution of power, lighting, and heating. Two lectures and one laboratory period. Three hours credit. Mr. Galloway.

Offered in alternate years. Not offered in 1952-53.

- 52. Electricity.—This course is devoted to a study of the vacuum tube and the fundamentals of radio communication. Two lectures and one laboratory period. Three hours credit. Mr. Galloway.
- Offered in alternate years. Not offered in 1952-53.
- 61-62. Special Problems.—A laboratory course designed to give the student opportunity to do work on problems in which he has developed a special interest. One to three hours credit per semester. Mr. Galloway. Prerequisite: Permission of the instructor.
- 81. Photography.—A study of developing, printing, enlarging, and lantern slides. One laboratory period per week. One hour credit. Mr. Galloway.

Offered during the summer session.

#### Astronomy

11-12. General Astronomy.—This course is devoted to a study of the earth, moon, time, the constellations, the solar system, the planets, comets, meteors, the sun, the development of the solar system, and the siderial universe. Two lectures and one observatory period. Six hours credit. Mr. Galloway.

Prerequisite: Mathematics 11-12 and Physics 11-12 (or Physics 11A-12A).

21-22. Practical Astronomy.—This course covers the subject of spherical astronomy and the theory of astronomical instruments with exercises in making and reducing observations. One lecture and one double laboratory period per week. Six hours credit. Mr. Galloway.

Prerequisite: Astronomy 11-12 or permission of the instructor.

Offered in alternate years, including 1952-53.

# XV DEPARTMENT OF POLITICAL SCIENCE

### PROFESSOR McILVENNA

PROFESSOR MOORE PROFESSOR FERGUSON
ASSOCIATE PROFESSOR PRINCE

Man's contact with government is one of the most intimate and important contacts throughout his life. A knowledge of the principles and institutions of government will aid the individual in becoming a useful and productive member of society. The primary purpose of the Department of Political Science is to prepare individuals for citizenship. Preparation for law, government, public service, and diplomatic careers is stressed in this department.

- 21. American Government.—An introduction to the American system of government, including a study of the Constitutional basis of our government, federal and state relationships, political parties and politics, and of each of the great powers of our national government—legislative, executive, and judicial. # Part IV Administration of The Curriculum

Murrah Hall Administration Building

#### GRADES, HONORS, CLASS STANDING

#### GRADING SYSTEM

The grade of the student in any class is determined by the combined class standing and the result of a written examination. The examination grade is counted as approximately one-third of the grade for the semester.

- "A" represents superior work.
- "B" represents above the average achievement in the regularly prescribed work.
- "C" represents an average level of achievement in the regularly prescribed work.
- "D" represents a level of achievement in the regularly prescribed work of the class below the average in the same relationship as the grade of "B" is above the average.
- "E" represents a condition and is changed to a "D" if the grade in the other semester of the course is "C" or above, providing that the "E" precedes the higher grade on the student's record.
- "F" represents failure to do the regularly prescribed work of the class.

  All marks of "D" and above are passing marks and "F" represents failure.
- "WP" indicates that the student has withdrawn from the course while passing, and "WF" means that he has withdrawn while failing.
- "I" indicates that the work is incomplete and is changed to "F" if the work is not completed by the end of the following semester.

#### QUALITY POINTS

The completion of any academic course with a grade of "C" shall entitle a student to one quality point for each semester hour, the completion of a course with a grade of "B" for the semester shall entitle a student to two quality points for each semester hour, and the completion of a course with the grade of "A" for the semester shall entitle a student to three quality points for each semester hour.

#### CLASS STANDING OF STUDENTS

A student's classification for the entire year is on the basis of his status at the beginning of the fall semester.

#### HONORS AT GRADUATION

In determining honors and high honors, and all other awards based on scholarship, a quality index is arrived at by dividing the number of quality points by the number of academic hours taken. A student whose quality point index is 2.0 for his entire course shall be graduated with Honors; one whose quality point index is 2.7 and who has a rating of excellent on comprehensive examination shall be graduated with High Honors.

To be eligible for Honors or High Honors, a student must have passed at least sixty semester hours in Millsaps College. Honors or High Honors may be refused a student who, in the judgment of the faculty, has forfeited his right.

In determining eligibility for Honors or High Honors in the case of students who have not done all their college work at Millsaps, the quality points earned on the basis of grades made at other institutions will be considered, but the student will be considered eligible only if he has the required index both on the work done at Millsaps and on his college courses as a whole.

#### DEAN'S HONOR LIST

Those meeting the following requirements are honored by inclusion on the Dean's List:

- 1. Scholarship:
  - (a) The student must carry not less than twelve academic hours during the semester on which the scholastic average is based;
  - (b) The student must have a quality point average for the preceding semester of 2.00;
  - (c) The student must have no mark lower than a D for the preceding semester.
- 2. Conduct:

The student must be, in the judgment of the deans, a good citizen of the college community.

#### REPORTS

Reports are sent at the close of each nine weeks to the parent or guardian of each student. These reports indicate, as nearly as practicable, the nature of the progress made by the student in his work at the college.

#### HOURS PERMITTED

Fifteen academic semester hours is considered the normal load per semester.

No student may take more than seventeen semester hours of academic work unless he has a quality index of 1.5 on the latest previous college term or semester. No student may take more than nineteen semester hours of academic work unless he has a quality point index of 2.00 on the latest previous college term or semester and obtains permission from the Dean. No student may receive credit for more than twenty-one hours in a semester under any circumstances.

Freshmen in the lowest classification group will not be allowed to take more than twelve semester hours of academic work in their first semester except by special permission of the Dean.

Any student who is permitted to take more than seventeen semester hours of work will be required to pay at the rate of \$7.50 for each additional semester hour over seventeen.

#### CONDUCT OF STUDENTS

#### CLASS ATTENDANCE

All students are expected to be regular and prompt in their attendance upon classes. Each student is therefore required to accept full responsibility for his own class attendance, subject to the following conditions:

- A. All students are required to attend classes on the two days immediately preceding and those immediately following a regularly scheduled vacation period. Students absent on such days must obtain written permission from the Dean for readmission to classes.
- B. All faculty members are requested to submit regular absence reports.
- C. Faculty members will report to the appropriate Dean the name of any student whose academic standing in a course is being endangered by excessive absences. Any student so reported will lose his voluntary attendance privilege in the class concerned and may be subject to further disciplinary action at the discretion of the Dean.

#### ABSENCE FROM TESTS AND EXAMINATIONS

If a student is absent from an assigned test, he must obtain written permission from the Dean in order to take a make-up test.

Absence from examinations will not be excused except for sickness on the day of examination (attested by a physician's certificate), or other cause which the faculty by special order may approve. An unexcused absence is counted as a total failure in the examination in which it occurs. A student whose absence from examination is excused is admitted to a special examination ordered by the faculty, to be held within six weeks of the opening of the subsequent semester.

#### CHAPEL ATTENDANCE

Attendance at chapel is required of all students one day each week. Students who absent themselves from chapel more than two times a semester will be required to offer a written explanation of such absences to the Dean. If this explanation is not satisfactory, voluntary attendance privileges in all classes may be revoked and a penalty of hours and quality points may be imposed.

#### CHANGE OF SCHEDULE

A student cannot change classes or drop classes or take up new classes except by the consent of the Dean, his faculty adviser, and all faculty members concerned. Courses dropped within the first two weeks of a semester do not appear on the student's record. Courses dropped after the first two weeks and before the middle of a semester are recorded as WP (withdrawn passing) or WF (withdrawn failing). Courses dropped after the middle of a semester are recorded as failures. If a student drops a course at any time without securing the required approvals, he receives an F in that course and is subject to further disciplinary action.

#### WITHDRAWAL

A student desiring to withdraw from college within any term must obtain permission from the Dean of the college. A withdrawal card must be filled out and must be approved by the Dean or the Registrar. No

refund will be considered unless this written notice is procured and presented to the Business Office.

Refunds upon withdrawal will be made only as outlined elsewhere in this catalog under the heading of "Financial Regulations."

A student who withdraws from college with permission after the first two weeks of a semester is recorded as WP (withdrawn passing) or WF (withdrawn failing) in each course. A student who withdraws without permission receives a grade of F in each course.

Enforced withdrawal is inflicted by the faculty for habitual delinquency in class, habitual idleness, or any other fault which prevents the student from fulfilling the purpose for which he should have come to college.

The college reserves the right to cancel the registration of any student at any time. In such a case, the pro rata portion of tuition will be returned, except that students withdrawing under discipline forfeit the right to a refund for any charges.

No student who withdraws from college for whatever reason is entitled to a report card or to a transcript of credits until he shall have settled his account in the Business Office.

#### AUTOMATIC EXCLUSION

To remain in college a freshman must pass in the first semester six hours of academic work.

After the first half year a student must pass at least nine hours of academic work each semester to continue in college.

Students who are requested not to re-enter because of academic failure may petition in writing for readmission, but such petition will not be granted unless convincing evidence is presented that the failure was due to unusual causes of a non-recurring nature and that the student will maintain a satisfactory record during the subsequent semester.

#### PROBATION

Students who pass enough work to remain in college but make in any semester a quality index of less than 0.5 will be placed on probation. Other students may be placed on probation in the discretion of the respective Deans.

Reports of academic standing of students on probation will be secured from each instructor by the appropriate Dean at least once a month. On the basis of such reports, the appropriate Dean or the Advisory Committee may limit or prohibit the student's participation in extra-curricular activities or impose other appropriate regulations.

In order to be removed from probation, a student must make at Millsaps a quality index of 1.00 during a regular semester or during a summer session of at least ten weeks.

#### CONDUCT

The rules of the college require from every student decorous, sober, and upright conduct as long as he remains a member of the college, whether he be within its precincts or not.

Regulations governing the conduct of students are found in the handbook. Students are expected to familiarize themselves with the regulations.

## Part V Campus Activities

The Christian Center

#### RELIGIOUS ACTIVITIES

Millsaps College, as an institution of the Methodist Church, seeks to be a genuinely Christian college. The faculty is made up of scholars who are Christians striving to fulfill the highest ideals of personal devotion and of community citizenship. The religious life of the college centers around the churches of Jackson and the campus religious groups.

The students are urged to attend a church and church school of their own denomination. A chapel or assembly of the entire college provides opportunity for worship, inspiration, and business of college-wide concern.

### METHODIST CAMPUS-CHURCH RELATIONS COMMITTEE AND THE MILLSAPS CHRISTIAN COUNCIL

The Christian program of the college is coordinated with the local and general program of the Methodist Church through the Campus-Church Relations Committee. The various religious activities of the college are correlated and unified by the Millsaps Christian Council, composed of representatives of all organized religious groups on the campus. This council coordinates the activities of the religious groups on the campus and sponsors Religious Emphasis Week.

#### YOUNG MEN'S CHRISTIAN ASSOCIATION

The College Y. M. C. A., which was organized shortly after the college was founded, tries to strengthen the spiritual life and influence of the college and its members. The association shares vitally in the college program for the adjustment of freshmen to the Millsaps community. Delegations of members represent the association at state, regional, and Blue Ridge, North Carolina, conferences each year.

#### YOUNG WOMEN'S CHRISTIAN ASSOCIATION

The Y. W. C. A. provides expression for the religious interests of Millsaps women through a program similar to that of the Y. M. C. A. It holds weekly meetings devoted to the religious needs of college women and cooperates in the orientation of new students in campus life. Representatives of the association participate in all of the conferences of the Y. W. C. A. and in the Christian Student Movement.

#### MINISTERIAL LEAGUE

Students preparing for the Christian ministry may join the Ministerial League, which provides programs appropriate to the needs of students interested in Christian life work. Through its activities, the league provides opportunity for Christian service for its members and contributes much to the religious life of the campus and of the local churches.

#### DENOMINATIONAL GROUPS

Methodist student belong to the Wesleyan Group, which sponsors delegations to the summer conferences of the church at Lake Junaluska. North Carolina, and to the Methodist State Student Conference.

Baptist students at Millsaps belong to the Baptist Student Union, which was organized in 1938.

Presbyterian students belong to the Westminster League, which was organized in 1946.

Episcopal students belong to the Canterbury Club, which was organized in 1947.

#### RELIGIOUS EMPHASIS WEEK

The annual Religious Emphasis Week is sponsored by all the religious groups of the campus, functioning through the Millsaps Christian Council. For this week some outstanding religious leader, familiar with student life and problems, addresses the student body and various groups of students and professors, and is available for private conference with individuals. This series has recently been enriched through the J. Lloyd Decell Lecture Foundation. Speakers of recent years have included Dr. W. A. Smart of Emory University; Dr. Marshall Steel of the Highland Park Methodist Church, Dallas, Texas; Dr. W. B. Selah of Galloway Memorial Methodist Church, Jackson, Mississippi; Dr. Mack Stokes of Emory University; Dr. Henry Hitt Crane of the Central Methodist Church, Detroit, Michigan; and Dr. D. Elton Trueblood of Earlham College.

#### ATHLETICS

Millsaps College has maintained a consistently high athletic standard, not only in developing teams for intercollegiate competition, but in providing a well rounded program which attempts to bring every student in college into some form of athletic competition.

Purposes of the Millsaps sports program are:

- 1. To stimulate better personal strength and health habits through the medical examination and physical exercises.
- 2. To provide instruction and participation for all in a variety of clean, wholesome sports.

#### I. INTRAMURAL ATHLETICS FOR MEN.

In the desire to have a "sports for all" program, the college spousors intramural activities in baseball, basketball, touch football, golf, softball, track, tennis, and volley ball.

The intramural organization is made up of members of each fraternity or independent group on the campus.

Cups are awarded to championship squads in these activities.

The athletic department offers its facilities to students and faculty for individual or group use at any time. These facilities include five tennis courts, softball fields, football field, running track, and gymnasium.

#### II. INTERCOLLEGIATE ATHLETICS FOR MEN.

An intercollegiate athletic program is provided by the college and is conducted on a purely amateur basis. The program includes football, basketball, baseball, tennis, and track. No athletic scholarships are given, and the athletes are not subsidized in any way.

#### III. SPORTS FOR WOMEN

Women's sports are encouraged for the reason that when properly regulated they tend to promote the physical, mental, social, and emotional well being of the students, and to foster a wholesome college spirit.

Millsaps does not sponsor intercollegiate sports for women. The desire is to have a program in which all girls may participate. The Intramural program satisfies this need. Sports such as ping-pong, volleyball, basketball, softball, and tennis are offered.

Women students are encouraged to participate in sports during their leisure time. The college offers many facilities for their use—the golf course, gymnasium, tennis courts, shuffleboard courts, and others.

#### IV. ATHLETIC FACILITIES

(1) The gymnasium provides a large playing floor for volleyball and basketball. It has dressing rooms for all teams, a room for visiting teams, trainer's room complete with equipment for injuries, a club room for wearers of the "M", a class room, shower and locker rooms for girls, and the college book store. The gymnasium has become the center of activities for the students. (2) The baseball diamond, separate from the football field, is also used as the intramural football field. There are also softball diamonds. (3) Five tennis courts have been constructed near the gymnasium. (4) A very fine nine hole golf course is available for use by all students.

#### FRATERNITIES AND SORORITIES

#### SOCIAL FRATERNITIES

Four national fraternities—Kappa Alpha, Kappa Sigma, Pi Kappa Alpha, and Lambda Chi Alpha—have chapters on the Millsaps campus. These social clubs maintain houses in which some of their members reside.

During the first week of the school year, each fraternity extends invitations to new students, bidding them to membership in the organization. The new men are given an opportunity during this "rush" period to become acquainted with fraternities, and at the end of this time bids are extended and the new students are pledged. While pledging is not allowed for the first week of school, a fraternity may extend an invitation to join at any other time during the year.

#### SOCIAL SORORITIES

Millsaps College has four national sororities: Phi Mu. Kappa Delta, Beta Sigma Omicron, and Chi Omega.

Formal rushing for new students takes place at the beginning of the fall term and is done according to rules which the sororities have agreed upon. Informal rushing is allowed throughout the year according to the desires of the various groups.

#### Rules Governing Pledging and Initiation

#### A. General Conditions.

1. No person not a bona fide student of Millsaps at initiation time can

be initiated into a sorority or fraternity, except by permission of the Committee on Fraternities and Sororities.

- 2. Only bona fide regular students (carrying at least 12 hours) may be pledged to a sorority or fraternity.
- 3. A student must wait one week after his official registration before pledging to a sorority or fraternity.
- 4. Every student shall clear his eligibility with the Registrar before he can be initiated.

#### B. Scholarship Requirements:

- For eligibility to initiation into a sorority or fraternity, a student
  must have earned in a preceding semester as many as nine quality
  points, and in the same semester as many as twelve semester hours
  of credit, and must not have fallen below D in more than one subject.
- A student who drops a course after the end of the half semester shall receive an F for fraternity purposes as well as for academic averages.
- 3. The two terms of summer school combined shall count as one semester for fraternity purposes.

#### INDEPENDENT STUDENTS

Vikings is a social organization for those women students who do not join a Greek letter sorority. It is a member of the National Independent Students Association.

Norsemen is a social organization for those men students who do not join a Greek letter fraternity. It is a member of the National Independent Students Association.

#### HONOR SOCIETIES

#### Eta Sigma Phi

Eta Sigma Phi is a national honor fraternity, recognizing ability in classical studies. Alpha Phi, the Millsaps chapter, was founded in December, 1935.

#### Pi Kappa Delta

The Millsaps chapter of Pi Kappa Delta offers membership to those who have given distinguished service in debating, oratory, or extemporaneous public speaking.

#### Chi Delta

Chi Delta is a local honorary literary society fostering creative writing among the women students at Millsaps. Membership includes women members of the faculty and student body who are interested in writing.

#### Kit Kat

Kit Kat is a literary fraternity with a selected membership of men students and faculty members who have literary ambition and ability. Monthly programs consist of original papers read by the members and criticized by the group.

#### Omicron Delta Kappa

Omicron Delta Kappa is a leadership fraternity with chapters in principal colleges and universities. Pi Circle at Millsaps brings together those members of the student body and faculty most interested in campus activities, together with a limited number of alumni and supporters who plan for the betterment of the college. Membership in Omicron Delta Kappa is a distinct honor.

#### Alpha Epsilon Delta

Alpha Epsilon Delta is an honorary pre-medical fraternity, founded at the University of Alabama in 1926. Its purpose is to promote the interests of pre-medical students. Leadership, scholarship, expertness, character, and personality are the qualities by which students are judged for membership. Alpha Epsilon Delta strives to bridge the gap between pre-medical and medical schools.

#### Delta Kappa Delta

Delta Kappa Delta is an honorary pre-law fraternity recognizing ability in pre-law students. It endeavors to serve as the link between pre-law and law training.

#### Eta Sigma

Eta Sigma, a local honorary fraternity which recognizes excellence in scholarship, selects its members from the junior and senior classes. Membership in Eta Sigma is a coveted honor.

#### Alpha Psi Omega

Effective participation in "The Millsaps Players" earns membership in Alpha Psi Omega, national honorary dramatic fraternity. This participation may be in acting, in directing, in make-up, in stage management, in business management, in costuming, in lighting, or in publicity. Each year the name of the outstanding graduating senior member of the organization is engraved on a trophy, which is left in the college trophy case.

#### Sigma Lambda

Sigma Lambda is an honorary women's sorority recognizing leadership and sponsoring the best interest of college life. Sigma Lambda membership is a distinctive honor. Invitation to the group must be with the unanimous vote of each of the regular members. The three faculty sponsors have no votes at any time upon any question.

#### Kappa Delta Epsilon

Kappa Delta Epsilon, a professional education sorority, promotes the cause of education by fostering high scholastic standing and professional ideals among those preparing for the teaching profession.

#### Theta Nu Sigma

With the purpose of furthering general interest in the sciences. Theta Nu Sigma membership is offered to second semester sophomores, juniors, and seniors who are majoring in one of the natural sciences and who fulfill certain other qualifications.

#### OTHER STUDENT ORGANIZATIONS AND ACTIVITIES

#### STUDENT ASSOCIATION

The Millsaps Student Association is governed by officers elected by the student body and the student executive board. The president, vicepresident, and secretary-treasurer are elected annually from the student body. Members of the student executive board are chosen by the activities which they represent.

Meetings of the student executive board are held at least once a month, with other meetings called when the president considers them necessary. All members of the student body automatically become members of the Student Association.

The duties and functions of the student executive board are to act in the administration of student affairs, to cooperate with the administration in the orientation program of the college, to apportion the student activities fee, to maintain understanding between students and faculty, and to work for the benefit of the student body and the progress of the college.

#### THE PURPLE AND WHITE

A working laboratory for students with journalistic interests is furnished in The Purple and White, weekly Millsaps student publication. Active staff work earns extracurricular college credit.

#### THE BOBASHELA

The Bobashela is the annual student publication of Millsaps College, attempting to give a comprehensive view of campus life. The 1952 edition is the forty-sixth volume of this Millsaps book. (Bobashela is a Choctaw Indian name for "good friend.")

#### THE PLAYERS

The dramatic club of the college is "The Millsaps Players", which presents three three-act plays and three one-act plays each year. During the 1951-52 session the Players presented "The Monkey's Paw", "A Woman's Privilege", "How to Propose", The Hasty Heart, Our Town, and Blithe Spirit. The Millsaps Players Acting Awards are presented each year to the boy and girl who are judged to have given the best performances in any one of the major productions.

#### THE MILLSAPS SINGERS

The Millsaps Singers, a chorus composed of men and women students under the direction of Mr. Alvin J. King, is an important organization on the Millsaps campus.

In recent years the Singers have appeared in Alabama, Louisiana, Texas, New Mexico, Colorado, Kansas, Oklahoma, Tennessee, Illinois, Indiana, Ohio, Kentucky, and Georgia, as well as in numerious cities of Mississippi.

Membership, open to freshmen and upper-classmen alike, earns two semester hours of extra-curricular credit for the year's work.

#### BEETHOVEN CLUB

The Beethoven Club of Millsaps College brings artists to the campus to hold master classes and give concerts. Some of the artists who have been here under the club auspices are Isabel and Silvio Scionti, Rudolph Ganz, and Percy Grainger.

#### THE BAND

The Millsaps Symphonic Band is open to all students who can qualify. The year's repertoire covers all phases of symphonic music. Two semester hours of extra-curricular credit are given for the year's work.

#### DEBATING

Since the year the college was founded, debating has occupied an important place in its activities. Millsaps teams participate in about 150 debates each year, meeting teams from the leading institutions in the South and Southwest.

Extra-curricular credit is offered for successful participation in debating, oratory, and extemporaneous public speaking.

#### THE INTERNATIONAL RELATIONS CLUB

The International Relations Club of Millsaps College is an endowed honorary organization which recognizes superior work in current history. Membership is elective.

The club holds bi-weekly meetings at which timely world problems and events are discussed by student and faculty members.

#### MEDALS AND PRIZES

- 1. The Founder's Medal is awarded annually to the senior who has the highest quality index for his entire college course and has received a grade of excellent on his comprehensive examination. Only students who have done at Millsaps College all the work required for the degree are eligible for this award.
- 2. The Bourgeois Medal is awarded annually to the freshman, sophomore, or junior who has the highest quality index for the year. Such student must be a candidate for a degree, and must have taken a minimum of thirty semester hours of college work during the year in which the medal is awarded to him. No student can win this medal a second time.
- 3. The John C. Carter Medal for Oratory is awarded annually to the student who presents the best original oration in the oratorical contest. This contest, open to men and women students, is held in December of each year.
- 4. The Clark Essay Medal is awarded annually to that student who presents the best and most original paper in any English course in Millsaps College.

- 5. The Buie Medal for Declamation, open to freshmen and sophomores, cannot be awarded to any student more than once. The contest for this medal is held at commencement each year.
- 6. Chi Omega Award. Chi Omega sorority, seeking to further the interest of women in the social sciences, presents an award of \$25.00 to the girl having the highest average for the year in the field of history, political science, psychology, sociology, economics, or other courses in the social sciences.
- 7. Pan-Hellenic Award. The Women's Pan-Hellenic Council makes each year a cash award of \$25 to the best woman citizen of the current college year.
- 8. The Charles Betts Galloway Award for the best sermon preached by a ministerial student of Millsaps College is presented on Commencement Sunday. This annual award, established by Mrs. E. H. Galloway and family in honor of the late Bishop Galloway, is a medal.
- 9. Theta Nu Sigma awards annually a certificate to the member of the graduating class who has done outstanding work in the natural sciences.

# Part VI Physical and Financial Resources

Buie Gymnasium

#### HISTORY OF THE COLLEGE

Founded just over sixty years ago, Millsaps is one of the youngest colleges supported by the Methodist Church. It was in the late eighties that the Mississippi Methodist Conferences appointed a joint commission to formulate plans for a "college for males under the auspicies and control of the Methodist Episcopal Church, South."

Among the members of this commission was Major R. W. Millsaps, Jackson businessman and banker, who offered to give \$50,000 to endow the institution, provided Methodists throughout the state matched this amount.

Under the leadership of Bishop Charles B. Galloway, the Methodists met the challenge of Major Millsaps. The charter for the college was granted February 21, 1890, and the college opened its doors in the fall of 1892. Coeducation was instituted in the seventh session.

First president of the college was William Belton Murrah, who served until 1910. Along with Bishop Galloway and Major Millsaps, Murrah is commonly thought of as one of the founders of the college.

Other presidents have been D. C. Hull, M.A., (1910-1912); A. F. Watkins, D.D., (1912-1923); D. M. Key, Ph.D., LL.D., (1923-1938); and M. L. Smith, Ph.D., LL.D., who has been president since 1938.

#### BUILDINGS AND GROUNDS

The campus, covering nearly 100 acres in the center of a beautiful residential section and on one of the highest points in the city, is valued at nearly two million dollars.

The administration building, Murrah Hall, was erected in 1914; the Carnegie-Millsaps Library building in 1926; the Sullivan-Harrell Science Hall in 1928; and the Buie Memorial Gymnasium in 1936. Recent grants and gifts have made possible the addition of completely modern equipment for the science laboratories and the extension of the library stacks.

A new home for the President and a completely new system of driveways through the campus were constructed in 1949.

The new Christian Center Memorial Building was completed in 1950. It was made possible by the gifts of Mississippi Methodists, alumni, and friends of the college. This building has an auditorium seating more than 1000 persons, a small chapel, classrooms, and offices.

The James Observatory provides excellent facilities for students of astronomy and is also made available on frequent occasions to the citizens of Jackson and surrounding areas.

The campus contains two fields for football and baseball, a track, tennis courts, and a nine-hole golf course.

Dormitory facilities are available for both men and women students. Founders, Whitworth, and Sanders Halls are the women's dormitories. Galloway, Burton, and Woollard Halls house men students.

#### FINANCIAL RESOURCES

The productive endowment, according to the last audit, amounted to \$1,352,610.28. In addition to the income from this endowment, the college budget receives pro rata share of conference assessments amounting to \$12,000 annually. The statement of total assets derived from the last official audit, June 1951, is as follows:

Current Funds	16,329.17
Endowment	1,352,610.28
Library Building Funds	87,903.05
Special Plant Funds	12,530.28
Buildings and Grounds	1,955,495.40
Total\$	3,424,868.18

#### CARNEGIE FOUNDATION RESEARCH GRANT

Millsaps College was selected as one of five colleges, with Tulane University as the center of an area including Texas, Louisiana, and Mississippi, to be the recipient of a research grant given by the Carnegie Foundation for the Improvement of Teaching. This grant amounted to \$4.000 a year for five years, supplemented by \$2,000 a year from the college budget. During the five years of this grant thirty-three members of the faculty availed themselves of the opportunity to improve their teaching through special study and research work.

#### THE J. LLOYD DECELL LECTURESHIP

This lectureship was established at Millsaps in 1948 as a memorial to Bishop J. Lloyd Decell (1887-1946). Bishop Decell took the lead in merging the three colleges of Methodism in Mississippi — Whitworth, Grenada, and Millsaps. He also set up the campaign for funds known as the "Million for the Master". The lectureship foundation of \$50,000 was a part of the "Million for the Master" fund. The purpose of the lectureship is to bring to the college men of scholarship in the fields of literature, science, philosophy, and religion. Dr. Henry Hitt Crane of the Central Methodist Church, Detroit, Michigan, was the first lecturer on this foundation, December 5-7, 1950. Dr. D. Elton Trueblood delivered the lectures February 25-27, 1952.

#### CARNEGIE-MILLSAPS LIBRARY

Near the close of the session of 1905-06 Andrew Carnegie offered to give the college \$15,000 for a library building if the trustees would provide an endowment of an equal amount. The endowment required was given by Major Millsaps.

In 1925 the Carnegie Corporation appropriated \$50,000 for a new library building. The present building was completed in 1926 and provides shelves for 50,000 volumes. The furniture for the reading rooms was given by the Enochs Lumber and Manufacturing Company. In 1944 the interior of the library was redecorated and in 1946 additional furniture was purchased.

A special grant of \$10,000 for the purchase of books was made by the Carnegie Corporation during the five years 1931-1936, and about 4,600 volumes were added from this source. In 1944 the Rockefeller Foundation made a grant to the library of \$15,000 for the purchase of books during the years 1944-1948. This sum was matched by the college by a like amount to be used for the enlargement and equipment of the library building. The General Board of Education of the Methodist Church provided \$2,500 for the purchase of additional stacks and equipment. The income from the Martha A. Turner Fund of \$1,000, founded by Mrs. J. R. Bingham of Carrollton, Mississippi, is used for the purchase of books in English literature. The Carnegie Foundation permits as much as \$1,000 of its grant for the improvement of teaching through research to be used annually to provide books needed for research projects.

During the session of 1941-1942 the Historical Society of the Mississippi Conference placed its valuable collection of books and papers relating to Mississippi Methodist history in a special room in the library. A collection of documents, manuscripts, and books on Methodism in Mississippi has been begun, and gifts of material related to this subject will be especially valuable.

The library contains approximately 34,000 volumes.

The library hours are: Monday through Thursday, 8 to 5, 6:30 to 9:30; Friday, 8 to 5; Saturday, 9 to 4; Sunday 1:30 to 4:30. The library is closed during the Thanksgiving, Christmas, and spring holidays, and during the month between the close of the summer school and the opening of the fall semester.
